RE: Final Plat of Pheasant Run

Dear Len:

Enclosed are four (4) prints of the final plat of Pheasant Run located in the City of Oshkosh for County review.

Mr. Tom Rusch, the developer, is requesting that you expedite your review if at all possible. Please let the State know that you have no objections as soon as you can.

Thank you for your prompt attention in this matter.

Very truly yours,

AERO-METRIC ENGINEERING, INC.

Subject: PHEASANT RUN
SE 1/4 S 21 T16N R16E
City of Oshkosh, Winnebago County

Dear Mr. Leverage:

We have received the above-named plat. Your county planning agency has the authority to object to this plat under the provisions of s. 236.12 (2) (b), Wis. Stats. Enclosed are four copies for your review. Your agency must either object, or certify no objection within 20 days of your receipt of this submittal.

- If the plat is objected to, we must be notified by letter (the original drawing will be returned to the surveyor for revisions).
- If the plat is certified as nonobjectionable, we must receive a print bearing your certification so that we may finalize our review (see s. 236.12 (6), Wis. Stats.).

It is important that this matter be expedited to avoid delays in processing the plat and to comply with the time limits set by statute. By the date shown below this office must either object to or certify the plat as nonobjectionable for all the objecting agencies involved, or, the subdivider can demand immediate certification of no objection.

Sincerely,

Jeanne A. Storm

RE: Lake Pest Harbor

Dear Len:

Enclosed is a print of the subject plat. The reason I am writing you is that you are more familiar with the plat.

We are looking for a speedy review from the State and Jeanne Storm suggested I send you a copy, and that you call her as soon as possible letting her know that there are no objections.

Thank you for your cooperation in this matter.

Very truly yours,

AERO-METRIC ENGINEERING, INC.

Dear Mr. Leverence:

We have received the above-named plat. Your county planning agency has the authority to object to this plat under the provisions of s. 236.12 (2) (b), Wis. Stats. Enclosed are four copies for your review. Your agency must either object, or certify no objection within 20 days of your receipt of this submittal.

- If the plat is objected to, we must be notified by letter (the original drawing will be returned to the surveyor for revisions).
- If the plat is certified as nonobjectionable, we must receive a print bearing your certification so that we may finalize our review (see s. 236.12 (6), Wis. Stats.).

It is important that this matter be expedited to avoid delays in processing the plat and to comply with the time limits set by statute. By the date shown below this office must either object to or certify the plat as nonobjectionable for all the objecting agencies involved, or, the subdivider can demand immediate certification of no objection.

PERMANENT FILE NO. 15424

Subject: NINTH ADDITION TO NORTH POINT PLAT
SW 1/4 & GL 3, 4 & 5 S 7 T18N R17E
City of Oshkosh, Winnebago County

Dear Ms. Serwas:

The Department of Development certifies this preliminary plat as nonobjectionable. The Department of Transportation, Division of Highways and Transportation Facilities will review the plat if it is an "abutting plat" as defined by s. Hy 33.03 (3), Wis. Admin. Code. The Department of Industry, Labor and Human Relations will review the plat, if unsewered, in accordance with Chapter ILHR 85, Wis. Admin. Code. On the final plat, the Winnebago County Planning Agency will also be an objecting agency.

Local government units, during their review of the plat, will resolve, when applicable, that the plat:

- complies with local master plans, official map or subdivision control ordinances;
- conforms with areawide water quality management plans, if sewered;
- complies with Wisconsin shoreland management regulations;
- resolves possible problems with storm water runoff;
- fits the design to the topography;
- displays well designed lot and street layout;
- includes service or is serviceable by necessary utilities.

COMMENTS FROM PRELIMINARY PLAT REVIEW:

- s. 236.16 (1) The lots have the minimum width and area required by this section. However, when public sewer is not available, lot sizes are also determined by soil tests completed in accordance with Chapter ILHR 85, Wis. Admin. Code (Rules of the Department of Industry, Labor and Human Relations).
- s. 236.16 (2) The streets meet the minimum width required by this section.
- s. 236.16 (3) On the final plat, the public access to Lake Winnebago and Hickory Harbor must be identified by noting the width of such access and the pertinent shoreline measurements to the access.

Page 2

Ms. Donna C. Serwas

NINTH ADDITION TO NORTH POINT PLAT

March 21, 1985

- s. 236.16 (4) If the subdivider has any interest in the unplatted lands lying between this plat and the water's edge of Lake Winnebago and Hickory Harbor and if such lands are for any reason unplattable, they must be included in the subject plat as part of the lots, outlots or public dedications. Otherwise, these lands must be marked "plattable lands" or "owned by others".
- s. 236.21 (2) (a) When the final plat of the subdivision is received in this office, either the Department of Industry, Labor and Human Relations must be listed in the Owner's Certificate as a reviewing agency or we must receive the clerk's certification regarding sewerage facilities.

If there are any questions concerning this review or preparation and submittal of the final plat, please contact our office.

Sincerely,

Jeanne A. Storm, Supervisor

PERMANENT FILE NO. 15403

Subject: RIVER MILL SUBDIVISION
NE 1/4 S 15
NW 1/4 S 14 T18N R16E
City of Oshkosh, Winnebago County

Dear Mr. Chronis:

The Department of Development certifies this preliminary plat as nonobjectionable. The Department of Transportation, Division of Highways and Transportation Facilities will review the plat if it is an "abutting plat" as defined by s. Hy 33.03 (3), Wis. Admin. Code. The Department of Industry, Labor and Human Relations will review the plat, if unsewered, in accordance with Chapter ILHR 85, Wis. Admin. Code. On the final plat, the Winnebago County Planning Agency will also be an objecting agency.

Local government units, during their review of the plat, will resolve, when applicable, that the plat:

- complies with local master plans, official map or subdivision control ordinances;
- conforms with areawide water quality management plans, if sewerage;
- complies with Wisconsin shoreland management regulations;
- resolves possible problems with storm water runoff;
- fits the design to the topography;
- displays well designed lot and street layout;
- includes service or is serviceable by necessary utilities.

COMMENTS FROM PRELIMINARY PLAT REVIEW:

- s. 236.15 (1) If compliance with the monumentation requirements of this section will be unduly difficult along the existing concrete bulkhead line, a monumentation waiver should be negotiated prior to final plat submittal.
- s. 236.16 (1) The lots have the minimum width and area required by this section. However, when public sewer is not available, lot sizes are also determined by soil tests completed in accordance with Chapter ILHR 85, Wis. Admin. Code (Rules of the Department of Industry, Labor and Human Relations).

- s. 236.16 (2) The streets meet the minimum width required by this section.
- s. 236.16 (3) On the final plat, the public access to the Fox River must be identified by noting the width of such access and the pertinent shoreline measurements to the access.
- s. 236.20 (2) (c) On the final plat drawing, easements not parallel to lot lines must be dimensioned by center line lengths and bearings, and half-widths.
- s. 236.20 (2) (e) Lots must be consecutively numbered within each block. To comply with this requirement, we recommend the following changes:

Shown as:
Lots 36-40
Lots 28-35

Change to:
Lots 28-32
Lots 33-40

We also note that outlots are not consecutively numbered within each block. However, due to the extenuating circumstances, we will waive strict compliance with consecutive outlot numbering upon your written request. We do reserve the right to require an explanatory NOTE on the final plat drawing, if deemed necessary.

- s. 236.21 (2) (a) When the final plat of the subdivision is received in this office, either the Department of Industry, Labor and Human Relations must be listed in the Owner's Certificate as a reviewing agency or we must receive the clerk's certification regarding sewerage facilities.

If there are any questions concerning this review or preparation and submittal of the final plat, please contact our office.

Sincerely,

Jeanne A. Storm

PERMANENT FILE NO. 15669

Subject: RUSCH & GABERT SUBDIVISION
NE 1/4 S 2 T18N R16E
City of Oshkosh, Winnebago County

Dear Mr. Schuler:

We have examined RUSCH & GABERT SUBDIVISION and do not object to this final plat. Today, we received a copy of the plat from the Winnebago County Planning Agency certifying that they do not object to this plat. Therefore, the original drawing has been certified as complying with the requirements of: s. 236.15, s. 236.16, s. 236.20, and s. 236.21 (1) & (2), Wis. Stats.; and, the Winnebago County Planning Agency.

The following changes or corrections must be made to satisfy the conditional certification. Underlining indicates corrected or added information that must be shown. Any variances with these conditions will require written notification to and verification by this office prior to plat approval.

- s. 236.12 (6) When the original of a plat is submitted under the provisions of s. 236.12 (6), it is not necessary to place on the plat the clerk's certificate that copies have been forwarded, the date thereof, etc., as the Department of Development must certify on the face of the plat that there are no objections to the plat. Therefore, the City Clerk's transmittal certificate must be crossed out or removed from the original drawing.
- s. 236.20 (2) (c) The 441.00' total street lengths must also be shown along the north and south right-of-way lines of Farmington Avenue.
- s. 236.20 (3) (b) Monumentation at the north quarter corner and center corner of Section 2 must be described.
- s. 236.20 (3) (d) The 50' radius temporary Cul de Sac east of Farmington Avenue (which is outside the boundaries of this plat) must also be designated "by other instrument".

Mr. Thomas E. Schuler
RUSCH & GABERT SUBDIVISION
March 21, 1986

- s. 236.21 (2) (a) In the Owner's Certificate:
- " . . . plat is required by s. 236.12 or s. 236.12, Wisconsin . . . " must be changed to " . . . plat is required by s. 236.10 or s. 236.12, Wisconsin . . . "; and,
 - the Winnebago County Planning Agency must be added to the list of objecting authorities.
- s. 236.21 (1) A revision date, "Revised this ___ day of _____, 19___", must be placed near the land surveyor's seal and signature on the revised plat.

After all conditions of the certifications of no objection have been met, the plat may be submitted to the local governing bodies for approval. Local government units, during their review of the plat, will resolve, when applicable, that the plat:

- complies with local master plans, official map or subdivision control ordinances;
- conforms with areawide water quality management plans, if sewer;
- complies with Wisconsin shoreland management regulations;
- resolves possible problems with storm water runoff;
- fits the design to the topography;
- displays well designed lot and street layout;
- includes service or is serviceable by necessary utilities.

Any changes to the plat involving details checked by this Department, or, the Winnebago County Planning Agency will require submission of the plat to the Department for recertification before the plat is eligible for recording. Such changes can be found by comparing the original drawing with the copy of this plat we furnish the letter recipients listed.

Sincerely,

Jeanne A. Storm, Supervisor

2025 RELEASE UNDER E.O. 14176

Abstract—The purpose of this study was to determine the effect of a 10-week training program on the heart rate (HR) and energy expenditure (EE) of sedentary, middle-aged women. The subjects were 15 sedentary women, 30 to 45 years of age, who were randomly selected from a telephone directory. The subjects were divided into two groups: a control group and an exercise group. The control group consisted of 8 women who did not exercise, and the exercise group consisted of 7 women who exercised for 10 weeks. The exercise group was instructed to exercise for 30 minutes, 3 times per week, at a heart rate of 150 beats per minute. The control group was instructed to remain sedentary. The subjects were monitored for 10 weeks. The HR and EE were measured at the beginning and end of the 10-week period. The HR and EE of the exercise group increased significantly ($p < 0.05$) after 10 weeks of training. The HR and EE of the control group did not change significantly. The results of this study suggest that a 10-week training program can increase the HR and EE of sedentary, middle-aged women.

**WE STRIKY CROFTY TWO WEEKS AND NO MORE... STRIKE-BALL! WITH A CHANGE WHEN
WE GET AN END TO THIS UNLAWFUL WAR ON.**

County Planner

Dear Mr. Leverence:

DATE

Mar 20, 1986

We have received the above-named plat. Your county planning agency has the authority to object to this plat under the provisions of s. 236.12 (2) (b), Wis. Stats. Enclosed are four copies for your review. Your agency must either object, or certify no objection within 20 days of your receipt of this submittal.

- If the plat is objected to, we must be notified by letter (the original drawing will be returned to the surveyor for revisions).
- If the plat is certified as nonobjectionable, we must receive a print bearing your certification so that we may finalize our review (see s. 236.12 (6), Wis. Stats.).

It is important that this matter be expedited to avoid delays in processing the plat and to comply with the time limits set by statute. By the date shown below this office must either object to or certify the plat as nonobjectionable for all the objecting agencies involved, or, the subdivider can demand immediate certification of no objection.

Sincerely,

Jeanne A. Storm

Jeanne A. Storm, Supervisor
Plat Review Unit
Telephone: 608/266-3200

++The surveyor has requested "RUSH" processing. We will act on your verbal notification.

PERMANENT FILE NO. 15726

GENE ROMENESKO PLAT
GL 4 S 10 T20N R17E
City of Menasha, Winnebago County

Dear Mr. Zielinski:

The Department of Development certifies this preliminary plat as nonobjectionable. The Department of Transportation, Division of Highways and Transportation Services will review the plat if it is an "abutting plat" as defined by s. Hy 33.03 (3), Wis. Admin. Code. On the final plat, the Winnebago County Planning Agency will also be an objecting agency.

Local government units, during their review of the plat, will resolve, when applicable, that the plat:

- complies with local master plans, official map or subdivision control ordinances;
- conforms with areawide water quality management plans, if sewered;
- complies with Wisconsin shoreland management regulations;
- resolves possible problems with storm water runoff;
- fits the design to the topography;
- displays well designed lot and street layout;
- includes service or is serviceable by necessary utilities.

COMMENTS FROM PRELIMINARY PLAT REVIEW:

- s. 236.16 (1) The lots have the minimum width and area required by this section.
- s. 236.16 (2) The streets meet the minimum width required by this section.
- s. 236.20 (3) (a) According to our reference maps, this subdivision is located in "G.L. 4, Section 10, T20N, R17E".

If there are any questions concerning this review or preparation and submittal of the final plat, please contact our office.

Sincerely,

Jeanne A. Storm

PERMANENT FILE NO. 15811

Subject: SECOND ADDITION TO RUSCH & KIENAST PLAT
NW 1/4 S 11 T18N R16E
City of Oshkosh, Winnebago County

Dear Mr. Leverence:

We have received the above-named plat. Your county planning agency has the authority to object to this plat under the provisions of s. 236.12 (2) (b), Wis. Stats. Enclosed are four copies for your review. Your agency must either object, or certify no objection within 20 days of your receipt of this submittal.

- If the plat is objected to, we must be notified by letter (the original drawing will be returned to the surveyor for revisions).
- If the plat is certified as nonobjectionable, we must receive a print bearing your certification so that we may finalize our review (see s. 236.12 (6), Wis. Stats.).

It is important that this matter be expedited to avoid delays in processing the plat and to comply with the time limits set by statute. By the date shown below this office must either object to or certify the plat as nonobjectionable for all the objecting agencies involved, or, the subdivider can demand immediate certification of no objection.

Sincerely,

Jeanne A. Storm

PERMANENT FILE NO. 15672

Subject: WINDSOR GREEN SUBDIVISION
SW 1/4 S 36 T19N R16E
City of Oshkosh, Winnebago County

Dear Mr. Dercks:

We have examined WINDSOR GREEN SUBDIVISION and do not object to this final plat. On March 26 and today, we were notified by the Winnebago County Planning Agency and the Department of Transportation, Division of Highways and Transportation Services, respectively, that they do not object to this plat. Therefore, the original drawing has been certified as complying with the requirements of: s. 236.15, s. 236.16, s. 236.20, and s. 236.21 (1) & (2), Wis. Stats.; Hy 33 of the Wis. Admin. Code; and, the Winnebago County Planning Agency.

The following changes or corrections must be made to satisfy the conditional certification. Underlining indicates corrected or added information that must be shown. Any variances with these conditions will require written notification to and verification by this office prior to plat approval.

- s. 236.12 (6) When the original of a plat is submitted under the provisions of s. 236.12 (6), it is not necessary to place on the plat the clerk's certificate that copies have been forwarded, the date thereof, etc., as the Department of Development must certify on the face of the plat that there are no objections to the plat.

The City Clerk's Certificate must be either erased or crossed out on the original drawing.

- s. 236.20 (2) (c) The south line of the SW 1/4 of Section 36 must also be noted "recorded as S89°04'W".

- s. 236.20 (2) (a) According to our permanent records, abutting LOTHE ACRES is located and must be shown south of C.T.H. "J" and approximately 72' east of this plat, as noted on the enclosed marked print.

Mr. Ronald A. Dercks
WINDSOR GREEN SUBDIVISION
April 16, 1986

- s. 236.21 (2) (a) In the Owner's Certificate:
- the "Department of Transportation, Division of Highways and Transportation Services" and the "Winnebago County Planning Agency" must also be listed as objecting agencies; and,
 - "... required by s. 236.12 or s. 236.12 Wisconsin Statutes ... " must be changed to "... required by s. 236.10 or s. 236.12 Wisconsin Statutes ... ".

- s. 236.21 (1) A revision date, "Revised this _____ day of _____, 19__", must be placed near the land surveyor's seal and signature on the revised plat.

After all conditions of the certifications of no objection have been met, the plat may be submitted to the local governing bodies for approval. Local government units, during their review of the plat, will resolve, when applicable, that the plat:

- complies with local master plans, official map or subdivision control ordinances;
- conforms with areawide water quality management plans, if sewerage;
- complies with Wisconsin shoreland management regulations;
- resolves possible problems with storm water runoff;
- fits the design to the topography;
- displays well designed lot and street layout;
- includes service or is serviceable by necessary utilities.

Any changes to the plat involving details checked by this Department, the Department of Transportation, Division of Highways and Transportation Services, or, the Winnebago County Planning Agency will require submission of the plat to the Department for recertification before the plat is eligible for recording. Such changes can be found by comparing the original drawing with the copy of this plat we furnish the letter recipients listed.

Sincerely,

Jeanne A. Storm, Supervisor

Subject: THE VILLAGE AT WESTHAVEN
SW 1/4 S. 28 T18N R16E
City of Oshkosh, Winnebago County

Dear Mr. Chronis:

The Department of Development certifies this preliminary plat as nonobjectionable. The Department of Transportation, Division of Highways and Transportation Services will review the plat if it is an "abutting plat" as defined by s. Hy 33.03 (3), Wis. Admin. Code. The Department of Industry, Labor and Human Relations will review the plat, if unsewered, in accordance with Chapter ILHR 85, Wis. Admin. Code. On the final plat, the Winnebago County Planning Agency will also be an objecting agency.

Local government units, during their review of the plat, will resolve, when applicable, that the plat:

- complies with local master plans, official map or subdivision control ordinances;
- conforms with areawide water quality management plans, if sewerage;
- complies with Wisconsin shoreland management regulations;
- resolves possible problems with storm water runoff;
- fits the design to the topography;
- displays well designed lot and street layout;
- includes service or is serviceable by necessary utilities.

COMMENTS FROM PRELIMINARY PLAT REVIEW:

- s. 236.16 (1) The lots have the minimum width and area required by this section. However, when public sewer is not available, lot sizes are also determined by soil tests completed in accordance with Chapter ILHR 85, Wis. Admin. Code (Rules of the Department of Industry, Labor and Human Relations).
- s. 236.16 (2) The streets meet the minimum width required by this section.
- s. 236.21 (2) (a) When the final plat of the subdivision is received in this office, either the Department of Industry, Labor and Human Relations must be listed in the Owner's Certificate as a reviewing agency or we must receive the clerk's certification regarding sewerage facilities.

Dear Mr. Zielinski:

Subject: Windsor Park Replat
City of Menasha
STH 441
Winnebago County

A copy of the subject plat was transmitted to the Department of Transportation, Division of Highways and Transportation Services, for informational purposes.

There was no opportunity to review the plat, as required by Chapter 236, Wisconsin Statutes. For information appearing on the preliminary plat, as prepared, and from information made available to this office, it appears that this plat is an "abutting plat" within the purview of Section 236.12(2)(a), Wisconsin Statutes, and the Department of Transportation's Rules and Regulations Chapter Hy 33, Wisconsin Administrative Code.

Therefore, conditional objection to the subject plat is made on the basis of Section 33.04, Wisconsin Administrative Code; such other of the Rules as may be applicable upon review of the plat, when submitted in final form, will then be considered.

It is requested that the subdivider comply with Section 33.10 of the Rules by consulting with the Department of Transportation's office in Green Bay, at, 944 Vanderperren Way regarding this matter.

We wish to thank you for your cooperation in these matters of mutual interest.

Sincerely,

C. E. Solberg, P.E.
Acting State Design Engineer for Hwys.

Oshkosh, WI 54901

JAN 26 1988

Dear Ms. Serwas:

Subject: First Addition to Windsor Green
City of Oshkosh
USH 45
Winnebago County

The subject preliminary plat was transmitted to the Wisconsin Department of Transportation, Division of Highways and Transportation Services, by the Department of Development on December 30, 1987 under the provisions of Section 236.12, Wisconsin Statutes.

The Division of Highways and Transportation Services has considered this plat in the light of the Rules and Regulations Governing Land Subdivision Plats Abutting State Trunk Highways and Connecting Streets, Chapter Hy 33, Wisconsin Administrative Code, promulgated under authority of Section 236.13(1)(e), Wisconsin Statutes.

The Division of Highways and Transportation Services objects to the subject plat as it does not comply with Sections 33.02, 33.05 and 33.08 of the above-mentioned Rules. Certification or nonobjection is conditioned upon full compliance with these and other pertinent requirements set forth in the Rules.

Section 33.02 relates to the effect that a subdivision plat has on the adjacent highway by generating traffic, reducing sight distance, impairing safety and impeding traffic movements. It is required that a vision corners be added at the intersection of USH 45 and Windsor Park Drive.

Section 33.04 of the above-mentioned Rules relates to the required information which must be shown on each plat submitted for Department of Transportation review. The bearings shown on the subject plat do not agree with the bearings for Project 6432-2-21 - Oshkosh - North County Line Road - USH 45 on file in our district office. Also, this portion of USH 45 will be reconstructed in 1991. The reconstruction may require an additional right of way width of 15 to 20 feet across all lots adjacent to USH 45. It is suggested you contact the design section in our district office for more detail regarding the reconstruction of USH 45.

January 22, 1938
Ms. Donna Serwas
Page 2

Section 33.05 relates to access restriction between a state truck highway and abutting lots of a subdivision plat. It is required that an access restriction clause, in the form as is stated below, be added to the face of the plat when submitted for final review.

"As owner I hereby restrict all lots, in that no owner, possessor, user, nor licensee, nor other person shall have any right of direct vehicular ingress or egress with USH 45, as shown on the plat; it being expressly intended that this restriction shall constitute a restriction for the benefit of the public according to section 236.293, Wisconsin Statutes, and shall be enforceable by the Department of Transportation."

Section 33.08 of the above-mentioned Rules relates to the building setback line which must appear of the face of the plat. This building setback line should be shown at a distance of 110 feet from the centerline of highway or 50 feet from the outside or nearer right-of-way line, whichever is more restrictive.

It is requested that the subdivider comply with Section 33.10 of the Rules by consulting with the Wisconsin Department of Transportation office in Green Bay at 944 Vanderperren Way regarding this matter.

The final plat, incorporating the appropriate revision, corrections or additions in compliance with the above-referenced Sections of the Rules, must be submitted in order that the objections noted herein may be removed.

We wish to thank you for your cooperation in these matters of mutual interest.

Sincerely,

T. E. Carlsen, P.E.
State Design Engineer for Hwys.

City of Oshkosh, Winnebago County

Dear Mr. Halverson:

The Department of Development certifies this preliminary plat as nonobjectionable. The Department of Transportation, Division of Highways and Transportation Services will review the plat if it is an "abutting plat" as defined by s. Hy 33.03 (3), Wis. Admin. Code. The Department of Industry, Labor and Human Relations will review the plat, if unsewered, in accordance with Chapter ILHR 85, Wis. Admin. Code. On the final plat, the Winnebago County Planning & Zoning Committee will also be an objecting agency.

Local government units, during their review of the plat, will resolve, when applicable, that the plat:

- complies with local master plans, official map or subdivision control ordinances;
- conforms with areawide water quality management plans, if sewerage;
- complies with Wisconsin shoreland management regulations;
- resolves possible problems with storm water runoff;
- fits the design to the topography;
- displays well designed lot and street layout;
- includes service or is serviceable by necessary utilities.

COMMENTS FROM PRELIMINARY PLAT REVIEW:

- s. 236.16 (1) The lots have the minimum width and area required by this section. However, when public sewer is not available, lot sizes are also determined by soil tests completed in accordance with Chapter ILHR 85, Wis. Admin. Dear Mr. Leverence:

We have received the above-named plat. Your county planning agency has the authority to object to this plat under the provisions of s. 236.12 (2) (b), Wis. Stats. Enclosed are four copies for your review. Your agency must either object, or certify no objection within 20 days of your receipt of this submittal.

- If the plat is objected to, we must be notified by letter (the original drawing will be returned to the surveyor for revisions).
- If the plat is certified as nonobjectionable, we must receive a print bearing your certification so that we may finalize our review (see s. 236.12 (6), Wis. Stats.).

It is important that this matter be expedited to avoid delays in processing the plat and to comply with the time limits set by statute. By the date shown below this office must either object to or certify the plat as nonobjectionable for all the objecting agencies involved, or, the subdivider can demand immediate certification of no objection.

PART OF CERTIFIED SURVEY MAP NO 1334 AND PART OF LOT 15 OF THE SUBDIVISION OF THE NE 1/4 OF THE SE 1/4 OF SECTION 27, T18N, R16E, CITY OF OSHKOSH, WINNEBAGO COUNTY, WISCONSIN, BOUNDED AND DESCRIBED AS FOLLOWS: BEGINNING AT THE SOUTHWEST CORNER OF SAID LOT 15; THENCE N1°-40'-11"W, 30.00 FEET TO THE POINT OF BEGINNING; THENCE CONTINUING N1°-40'-11"W, 516.35 FEET; THENCE N52°-10'-15"E, 335.70 FEET; THENCE N41°-06'-48"E, 161.19 FEET; THENCE N73°-14'-49"E, 129.34 FEET; THENCE S0°-54'-13"W, 877.09 FEET; THENCE S89°-33'-22"W, 494.00 FEET TO THE POINT OF BEGINNING.

PRESENT ZONING R-3

SUBDIVIDER:
GARY DECKER
1113 OREGON STREET
OSHKOSH, WISCONSIN 54901

NONOBJECTIONABLE
WINNEBAGO COUNTY PLANNING & ZONING COMMITTEE

Thomas F. Halverson
County Planning Zoning Officer

DATE Feb 4, 1985
APPROVAL SUBJECT TO
ALL CONSTRUCTION MEETING
17.24 OF COUNTY AIRPORT
ZONING ORDINANCE

SHOWING THE SE 1/4 OF SECTION 27,
T18N, R16E, CITY OF OSHKOSH,
WINNEBAGO COUNTY, WISCONSIN.

NORTH IS REFERENCED TO THE EAST LINE OF LOT 15
OF THE SUBDIVISION OF THE NE 1/4 OF THE SE 1/4 OF
SECTION 27, T18N, R16E, CITY OF OSHKOSH,
WINNEBAGO COUNTY, WISCONSIN.

I, THOMAS F. HALVERSON, CERTIFY THAT THIS PRELIMINARY
PLAN IS A TRUE REPRESENTATION OF THE EXISTING LAND
DIVISIONS AND FEATURES AND THAT I HAVE FULLY COMPLIED
WITH THE SUBDIVISION ORDINANCES OF THE CITY OF OSHKOSH.

Thomas F. Halverson
THOMAS F. HALVERSON, RLS-1445

12-28-84
DATED

TOWNSHIP ZONING ORDINANCE 17.24
17.24 AIRPORT ZONING ORDINANCE (Ordinary)
(1) STANDARDS OF USE. The intent of this district is to
prescribe the use within which basic zoning districts shall
be applied as a means of maintaining the best interests of the
community of Oshkosh and to encourage the development of
compatible land uses of prime property within the town.
Furthermore, the district will provide adequate notice to land owners
and prospective land buyers, that airport operations should be
considered as possibly affecting the use of property within the
airport zoning district. Finally, the district will provide
adequate notice to land owners, that airport operations should be
considered as possibly affecting the use of property within the
airport zoning district. (Ordinary)
(2) STANDARDS. The airport zoning district shall include
those areas shown on the official height limitation zoning map, Oshkosh
Field Airport, Winnebago County, Wisconsin, October 1983, revision may
12 October 1984. These boundaries shall include: (a) Overlay
Zone

RE: Alexandra Subdivision Oshkosh, Wisconsin - Permanent File No. 15951

Dear Ms. Storm:

The subject plat was transmitted to the Winnebago County Planning Department by the Wisconsin Department of Development on February 3, 1987.

The Winnebago County Planning Department has reviewed the plat for conformance with the Winnebago County Town/County Zoning Ordinance and conditions its certification of non-objection with the following restriction:

RESTRICTIONS FOR PUBLIC BENEFIT

WINNEBAGO COUNTY

1. Properties within this plat are subject to the provisions of Section 17.24(3)(d) Airport Zoning Height Limitations of the Winnebago County Town/County Zoning Ordinance. "No structure shall hereafter be constructed, erected, or installed, or be permitted to remain in a designated height zone until the owner or his agent shall have applied in writing for an airport height permit and obtained such permit from the Winnebago County Zoning Administrator."

If you have any questions concerning this requirement, please contact this office.

Sincerely,

Leonard Leverence
Principal Planner

PERMANENT FILE NO. 15951

Subject: ALEXANDRA SUBDIVISION
SE 1/4 S 27 T18N R16E
City of Oshkosh, Winnebago County

Dear Mr. Chronis:

We have examined ALEXANDRA SUBDIVISION and do not object to this final plat. On February 9 we were notified by the Winnebago County Planning Agency that they do not object to this plat. Therefore, the original drawing has been certified as complying with the requirements of: s. 236.15, s. 236.16, s. 236.20, and s. 236.21 (1) & (2), Wis. Stats.; and, the Winnebago County Planning Agency.

After all conditions of the certifications of no objection have been met, the plat may be submitted to the local governing bodies for approval. Local government units, during their review of the plat, will resolve, when applicable, that the plat:

- complies with local master plans, official map or subdivision control ordinances;
- conforms with areawide water quality management plans, if sewerage;
- complies with Wisconsin shoreland management regulations;
- resolves possible problems with storm water runoff;
- fits the design to the topography;
- displays well designed lot and street layout;
- includes service or is serviceable by necessary utilities.

Any changes to the plat involving details checked by this Department or the Winnebago County Planning Agency will require submission of the plat to the Department for recertification before the plat is eligible for recording. Such changes can be found by comparing the original drawing with the copy of this plat we furnish the letter recipients listed.

Sincerely,

Jeanne A. Storm

Mr. Steven L. Chronis
ALEXANDRA SUBDIVISION
February 13, 1987

The following items are not conditions of the certification. At the option of the surveyor, the information may be changed/added without return of the plat to this office for recertification:

- In the Legend, "hundredth" is misspelled.
- Mr. Len Leverage, Winnebago County Planning Agency, has notified us that the following restriction must be placed on the plat drawing.

RESTRICTIONS FOR PUBLIC BENEFIT

WINNEBAGO COUNTY

1. *Properties within this plat are subject to the provisions of Section 17.24(3)(d) Airport Zoning Height Limitations of the Winnebago County Town/County Zoning Ordinance. "No structure shall hereafter be constructed, erected, or installed, or be permitted to remain in a designated height zone until the owner or his agent shall have applied in writing for an airport height permit and obtained such permit from the Winnebago County Zoning Administrator."*

City of Oshkosh, Winnebago County

Dear Mr. Leverence:

We have received the above-named plat. Your county planning agency has the authority to object to this plat under the provisions of s. 236.12 (2) (b), Wis. Stats. Enclosed are four copies for your review. Your agency must either object, or certify no objection within 20 days of your receipt of this submittal.

- If the plat is objected to, we must be notified by letter (the original drawing will be returned to the surveyor for revisions).
- If the plat is certified as nonobjectionable, we must receive a print bearing your certification so that we may finalize our review (see s. 236.12 (6), Wis. Stats.).

It is important that this matter be expedited to avoid delays in processing the plat and to comply with the time limits set by statute. By the date shown below this office must either object to or certify the plat as nonobjectionable for all the objecting agencies involved, or, the subdivider can demand immediate certification of no objection.

Sincerely,

Jeanne A. Storm

Subject: FIRST ADDITION TO FLORA KUHN KRUEGER PLAT
SE 1/4 S 27 T18N R16E
City of Oshkosh, Winnebago County

Dear Mr. Kriescher:

We have examined the FIRST ADDITION TO FLORA KUHN KRUEGER PLAT and do not object to this final plat. On February 5, we received a copy of the plat from the Winnebago County Planning Agency certifying that they do not object to this plat. Therefore, the original drawing has been certified as complying with the requirements of: s. 236.15, s. 236.16, s. 236.20, and s. 236.21 (1) & (2), Wis. Stats.; and, the Winnebago County Planning Agency.

s. 236.15 (1) (g) The surveyor has requested a monumentation waiver for the southeast corner of lot 8. A chiseled "X" in the concrete sidewalk at the corner and a 2" iron pipe set 1.00' on the easterly lot boundary have been used in lieu of the standard monument. We agree with the monuments as shown; strict compliance with the requirements of this section would be unduly difficult.

After all conditions of the certifications of no objection have been met, the plat may be submitted to the local governing bodies for approval. Local government units, during their review of the plat, will resolve, when applicable, that the plat:

- complies with local master plans, official map or subdivision control ordinances;
- conforms with areawide water quality management plans, if sewerage;
- complies with Wisconsin shoreland management regulations;
- resolves possible problems with storm water runoff;
- fits the design to the topography;
- displays well designed lot and street layout;
- includes service or is serviceable by necessary utilities.

Mr. Lawrence C. Kriescher

Subject: FIRST ADDITION TO T.H.B.
THE HOME BUILDERS SUBDIVISION
SW 1/4 S 22 T18N R16E
City of Oshkosh, Winnebago County

Dear Mr. Roehlig:

Enclosed are copies of the final entries on our microfilmed permanent file for T.H.B. THE HOME BUILDERS SUBDIVISION.

The correspondence ends with our certification letter of April 16, 1986. Please note:
- Under our conditions of certification, "A copy of the recordable mylar on durable white matte finished paper with legible dark lines and lettering must be furnished this office." and,
- In the last paragraph, "... any changes to the plat involving details checked by this Department or the Winnebago County Planning Agency will require submission of the plat to the Department for recertification before the plat is recorded."

The file prints end with a copy of the last print submitted for review on April 10, 1986.

WE HAVE NOT RECEIVED A COPY OF THE RECORDABLE MYLAR FOR T.H.B. THE HOME BUILDERS SUBDIVISION. (The blue line copy received with this submittal of the FIRST ADDITION TO T.H.B. THE HOME BUILDERS SUBDIVISION is obviously not a copy of the recordable mylar).

Furthermore, it appears that we have not recertified T.H.B. THE HOME BUILDERS SUBDIVISION for the renumbered lot/outlot configuration.

We cannot certify this addition until you resolve these issues.

Sincerely,

Jeanne A. Storm

PERMANENT FILE NO. 16625

FIRST ADDITION TO NEENAH
INDUSTRIAL PARK PLAT
SW 1/4 S 4 T19N R17E
City of Neenah, Winnebago County

Dear Mr. Eisele:

We have examined the FIRST ADDITION TO NEENAH INDUSTRIAL PARK PLAT and do not object to this final plat. On February 9, we received a copy of the plat from the Winnebago County Planning & Zoning Committee certifying that they do not object to this plat. Therefore, the original drawing has been certified as complying with the requirements of: s. 236.15, s. 236.16, s. 236.20, and s. 236.21 (1) & (2), Wis. Stats.; and, the Winnebago County Planning & Zoning Committee.

s. 236.20 (1) (a) and (2), (L) In a letter dated August 16, 1988, the City of Neenah Director of Community Development requested a waiver for the maximum scale requirement of 100 feet to the inch on the final drawing. The plat is drawn at a scale of 200 feet to one inch. Because of the overall large parcel sizes, we agree that strict compliance with the provisions of this section is not necessary and grant the scaling variance.

After all conditions of the certifications of no objection have been met, the plat may be submitted to the local governing bodies for approval. Local, government units, during their review of the plat, will resolve, when applicable, that the plat:

- complies with local master plans, official map or subdivision control ordinances;
- conforms with areawide water quality management regulations;
- complies with Wisconsin shoreland management regulations;
- resolves possible problems with storm water runoff;
- fits the design to the topography;
- displays well designed lot and street layout;
- includes service or is serviceable by necessary utilities.

Any changes to the plat involving details checked by this Department or the Winnebago County Planning & Zoning Committee will require submission of the plat to the Department for recertification before the plat is eligible for recording. Such changes can be found by comparing the original drawing with the copy of this plat we furnish the letter recipients listed.

Sincerely,

PERMANENT FILE NO. 15600

Subject: T.H.B. THE HOME BUILDERS SUBDIVISION
SW 1/4 S 22 T18N R16E
City of Oshkosh, Winnebago County

Dear Ms. Serwas:

We have examined the print of the final plat named above. We do not object to this plat, and our certification to that effect, dated today, has been made on the print enclosed.

This plat has been certified as complying with the technical requirements of: ss. 236.15, 236.16, 236.20, and 236.21 (1) and (2), Wis. Stats. Local government units, during their review of the plat, will resolve, when applicable, that the plat:

- complies with local master plans, official map or subdivision control ordinances;
- conforms with areawide water quality management plans, if sewered;
- complies with Wisconsin shoreland management regulations;
- resolves possible problems with storm water runoff;
- fits the design to the topography;
- displays well designed lot and street layout;
- includes service or is serviceable by necessary utilities.

CONDITIONS OF CERTIFICATION:

The plat was submitted for review under the provisions of s. 236.12 (2). Therefore, the document recorded in the office of the Register of Deeds must be the mylar described in s. 236.25 (2) (a). Specifically, the plat must be:

" . . . reproduced with photographic silver haloid image on matte polyester film of not less than 4 mil thickness, 22 inches wide by 30 inches long with reproduced signatures and seals."

A copy of the recordable mylar on durable white matte finished paper with legible dark lines and lettering must be furnished this office.

The following changes or corrections must be made to satisfy the conditional certification. Underlining indicates corrected or added information that must be shown. Any variances with these conditions will require written notification to and verification by this office prior to plat approval.

Ms. Donna Serwas

T.H.B. THE HOME BUILDERS SUBDIVISION

April 16, 1986

- s. 236.12 (4) When copies of a plat are submitted under the provisions of s. 236.12 (2), it is necessary to place on the plat the clerk's certificate that copies have been forwarded, the date thereof, etc. [see s. 236.12 (4), Wis. Stats.]. The clerk may not execute such certificate until all agencies having the authority to object have certified no objection to the current submittal of the plat.

The clerk's transmittal certificate appearing on this plat does not contain the required information and is not properly worded. (Please refer to the attached pink sheet for a sample of a correct certificate)

- s. 236.20 (2) (k) In the curve data table, the chord bearing for curve B lot 1, shown as $N04^{\circ}49'45''W$, must be changed to $N04^{\circ}49'44.5''W$. A copy of our computations is returned to the surveyor.
- s. 236.21 (1) A revision date, "Revised this ____ day of _____, 19__.", must be placed near the land surveyor's seal and signature on the revised plat.

After all conditions of certification have been met, and the Winnebago County Planning Agency has certified a copy of the plat bearing the April 4, 1986 revision date, the plat may be submitted to the local governing bodies for approval. However, any changes to the plat involving details checked by this Department or the Winnebago County Planning Agency will require submission of the plat to the Department for recertification before the plat is recorded. Such changes can be found by comparing the original drawing with the certified copy of this plat returned to you.

Sincerely,

PERMANENT FILE NO. 15600

Subject: T.H.B. THE HOME BUILDERS SUBDIVISION
SW 1/4 S 22 T18N R16E
City of Oshkosh, Winnebago County

Dear Ms. Serwas:

We have examined the above-named final plat. The Department of Development must object to this final plat because it does not fully comply with the following provisions of Chapter 236 of the Wisconsin Statutes:

- s. 236.12 (4) When copies of a plat are submitted under the provisions of s. 236.12 (2), it is necessary to place on the plat the clerk's certificate that copies have been forwarded, the date thereof, etc. [see s. 236.12 (4), Wis. Stats.]. The clerk may not execute such certificate until all agencies having the authority to object have certified no objection to the current submittal of the plat.
- s. 236.15 (2) There is insufficient data to compute a latitude and departure closure for lot 10.
- s. 236.20 (2) (b) In the Legend, "all other corners are monumented with 1" diameter iron pipe . . . " must be changed to "all other lot corners are monumented with 1" diameter iron pipe . . . ".
- s. 236.20 (2) (c) The south line of Westfield Street must be noted "receded as N90°00'E".
- s. 236.20 (2) (i) The north point must be referenced as magnetic, true, grid, assumed, etc.
- s. 236.20 (2) (k) As noted on the copy of our computations returned to the surveyor, we find data for Curve A, Curve B, Curve E and Curve F that do not compute to values shown.

Curve data for lot 10 Curve F is missing.

The chords for the main curves must be drawn in dashed/dotted lines on the plat drawing.

Ms. Donna Serwas
T.H.R. THE HOME BUILDERS SUBDIVISION
April 2, 1986

- s. 236.20 (3) (a) and .21 (1) (b) In the description under the subdivision name and in the meter and bounds description of the Surveyor's Certificate, quarter-quarter section references are required.
- s. 236.20 (3) (c) In the Vicinity Map, the southerly part of the cross-hatched area depicting the subdivision boundary must be changed to more closely resemble the shape of the subdivision.
- s. 236.20 (3) (d) Abutting Westfield Street, south of the plat, should also be noted "recorded as Brooklyn Street".
- s. 236.21 (2) (a) In the Owner's Certificate, "Director, Community Development, Wisconsin Department of Development" must be changed to "Department of Development, and, the Winnebago County Planning Agency must also be shown.

After completion of the necessary corrections, a revision date, "Revised this ____ day of _____, 19__", must be placed near the land surveyor's seal and signature on the revised sheets of the plat.

Since objections have been made to this plat, a resubmittal is necessary. The City of Oshkosh shall not inscribe its approval on the plat prior to written certification of no objection by this office and the Winnebago County Planning Agency. A fully executed "Request For Land Subdivision Plat Review" form and the correct review fee must accompany the resubmittal.

Sincerely,

Jeanne A. Storm, Supervisor
Plat Review Unit

PRINTS RECEIVED FROM CITY CLERK ON 3/17/86; REVIEWED BY DOD ON 4/2/86.

NOTE TO SURVEYOR: In cases where the re-review of a final plat is required, the Department, as a matter of policy, intends to waive part of the review fee to reflect the amount of staff time required on the resubmittal. As noted in s. DOD 2.06 (4) Wis. Admin. Code (copy enclosed), "... the subdivider or the subdivider's agent shall obtain such waiver in writing from the department of development prior to plat submittal." Contact this office by phone or letter to negotiate a partial fee waiver for this plat.

NOTE: Although exterior boundary angles are no longer required, they should be correct when shown. In the angle table, angle "f", shown as 90°27'11", and angle "g", shown as 186°54'56", calculate to 90°27'10" and 186°54'57", respectively.

Dear Mr. Shepeck,

Enclosed please find a copy of a portion of the preliminary plat of the Old Orchard Subdivision. On this map I have indicated the area of wetland that we had discussed on-site. You are reminded that authorization is required prior to the placement of any fill material in this wetland area.

If you have any questions regarding this matter, please contact me at (414) 766-3531.

Sincerely,

Gary Knapp
