PERMANENT FILE NO. 16908

Mr. David Schmidt:

We have received the above-named plat. Your county planning agency has the authority to object to this plat under the provisions of s. 236.12 (2) (b), Wis. Stats. Enclosed are four copies for your review. Your agency must either object, or certify no objection within 20 days of your receipt of this submittal.

- If the plat is objected to, we must be notified by letter (the original drawing will be returned to the surveyor for revisions).
- If the plat is certified as nonobjectionable, we must receive a print bearing your certification so that we may finalize our review (see s. 236.12 (6), Wis. Stats.).

It is important that this matter be expedited to avoid delays in processing the plat and to comply with the time limits set by statute. By the date shown below this office must either object to or certify the plat as nonobjectionable for all the objecting agencies involved, or, the subdivider can demand immediate certification of no objection.

Sincerely,

Jeanne A. Storm

PERMANENT FILE NO. 16908

Subject: THIRD ADDITION TO FOX CHASE
SE 1/4 S 29 T18N R16E
City of Oshkosh, Winnebago County

Dear Mr. Chronis:

We have examined the THIRD ADDITION TO FOX CHASE and do not object to this final plat. On October 12, we received a copy of the plat from the Winnebago County Planning & Zoning Committee certifying that they do not object to this plat. Therefore, the original drawing has been certified as complying with the requirements of: s. 236.15, s. 236.16, s. 236.20, and s. 236.21 (1) and (2), Wis. Stats.; and, the Winnebago County Planning & Zoning Committee.

The following changes or corrections must be made to satisfy the conditional certification. Underlining indicates corrected or added information that must be shown. Any variances with these conditions will require written notification to and verification by this office prior to plat approval.

- s. 236.20 (2) The portions of the 28.00' length along the east line of lot 106 and the S85°38'08"W bearing along the south line of the plat obliterated by easement and street boundary lines or illegible must be erased and rescribed.
- s. 236.20 (3) (e) South of lots 110-111, the 60' width of abutting Bernheim Street must be shown.

Section 236.293 requires that any easements from the previous plat of SECOND ADDITION TO FOX CHASE which are not shown on this plat must be released or waived in writing by the public body, or public utility having the right of enforcement.

- s. 236.21 (1) A revision date, "Revised this _____ day of _____, 19____", must be placed near the land surveyor's seal and signature on the revised sheets of the plat.

THIRD ADDITION TO FOX CHASE

October 24, 1989

The following item is not a condition of this certification. At the option of the surveyor, the spelling may be changed without return of the plat to this office:

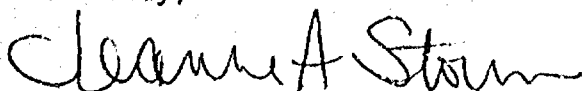

- "Mapped" is misspelled in line 2 of the Owner's Certificate.

After all conditions of the certifications of no objection have been met, the plat may be submitted to the local governing bodies for approval. Local, government units, during their review of the plat, will resolve, when applicable, that the plat:

- complies with local master plans, official map or subdivision control ordinances;
- conforms with areawide water quality management regulations;
- complies with Wisconsin shoreland management regulations;
- resolves possible problems with storm water runoff;
- fits the design to the topography;
- displays well designed lot and street layout;
- includes service or is serviceable by necessary utilities.

Any changes to the plat involving details checked by this Department or the Winnebago County Planning & Zoning Committee will require submission of the plat to the Department for recertification before the plat is eligible for recording. Such changes can be found by comparing the original drawing with the copy of this plat we furnish the letter recipients listed.

Sincerely,

Jeanne A. Storm, Supervisor

Dear Mr. Chronis:

The Department of Agriculture, Trade and Consumer Protection certifies this preliminary plat as nonobjectionable. On the final plat, the Winnebago County Planning & Zoning Committee will also be an objecting agency.

Local government units, during their review of the plat, will resolve, when applicable, that the plat:

- complies with local master plans, official map or subdivision control ordinances;
- conforms with areawide water quality management plans, if sewerage;
- complies with Wisconsin shoreland management regulations;
- resolves possible problems with storm water runoff;
- fits the design to the topography;
- displays well designed lot and street layout;
- includes service or is serviceable by necessary utilities.

COMMENTS FROM PRELIMINARY PLAT REVIEW:

- s. 236.16 (2) The streets meet the minimum width required by this section.
- s. 236.20 (3) (a) On the final plat, descriptions under the subdivision name and in
and .21 (1) (b) the Surveyor's Certificate must include the references that this
is a replat of lots 58-62 and 81-86 and portions of vacated Wah
Wah Taypee Way and vacated Fox Trail Lane in the SECOND ADDITION TO
FOX CHASE. The Surveyor's Certificate must also state the
procedure used and date of the partial street vacations/
discontinuance/relocation (ie, Circuit Court vacation 7/25/89,
City Council discontinuance 7/19/89, or whatever.)

If there are any questions concerning this review or preparation and submittal of the final plat, please contact our office.

Sincerely,

Dear Jerry:

Please find enclosed four (4) prints of the above referenced Preliminary Plat for your review. The City decided not to extend Wah Wah Taysee Way, so we are in the process of Vacating a portion of Wah Wah Taysee Way and Fox Tail Lane within the Second Addition to Fox Chase and redivide the lots as shown on this Preliminary.

If you should have any questions regarding the enclosed, please give me a call.

Re: Third Addition to Fox Chase

Dear Jerry:

Enclosed are four (4) prints of the subject Final Plat and Drainage Plan for same. The City of Oshkosh Engineering Department nor us reran any pre and post construction run-off calculations as this Plat is not an extension of the Second Addition, but a part of it. The Third Addition to Fox Chase contains ten (10) lots and comprises eleven (11) lots and a portion of a street in the Second Addition to Fox Chase. The assumption can be drawn that we are decreasing the post construction cfs due to less impervious soil.

If you should have any questions concerning the enclosed, please give me a call.

Very truly yours,
