PERMANENT FILE NO. 16501

WESTHAVEN CIRCLE
SW 1/4 S 28 T18N R16E
City of Oshkosh, Winnebago County

Dear Mr. Chronis:

We have examined WESTHAVEN CIRCLE and do not object to this final plat. Today we received a copy of the plat from the Winnebago County Planning & Zoning Committee certifying that they do not object to this plat. Therefore, the original drawing has been certified as complying with the requirements of: s. 236.15, s. 236.16, s. 236.20, and s. 236.21 (1) & (2), Wis. Stats.; and, the Winnebago County Planning & Zoning Committee.

The following correction must be made to satisfy the conditional certification. Underlining indicates corrected information that must be shown. Any variances with this condition will require written notification to and verification by this office prior to plat approval.

- s. 236.21 (1) (b) In line 5 of the Surveyor's Certificate, reference to "Section Twenty-seven (27)" must be changed to "Section Twenty-eight (28)".
- s. 236.21 (1) A revision date, "Revised this ___ day of ___, 19___", must be placed near the land surveyor's seal and signature on the revised sheets of the plat.

After all conditions of the certifications of no objection have been met, the plat may be submitted to the local governing bodies for approval. Local, government units, during their review of the plat, will resolve, when applicable, that the plat:

- complies with local master plans, official map or subdivision control ordinances;
- conforms with areawide water quality management regulations;
- complies with Wisconsin shoreland management regulations;
- resolves possible problems with storm water runoff;
- fits the design to the topography;
- displays well designed lot and street layout;
- includes service or is serviceable by necessary utilities.

Any changes to the plat involving details checked by this Department or the Winnebago County Planning & Zoning Committee will require submission of the plat to the Department for recertification before the plat is eligible for recording. Such changes can be found by comparing the original drawing with the copy of this plat we furnish the letter recipients listed.

Sincerely,

Jeanne A. Storm

Dear Mr. Schmidt:

We have received the above-named plat. Your county planning agency has the authority to object to this plat under the provisions of s. 236.12 (2) (b), Wis. Stats. Enclosed are four copies for your review. Your agency must either object, or certify no objection within 20 days of your receipt of this submittal.

- If the plat is objected to, we must be notified by letter (the original drawing will be returned to the surveyor for revisions).
- If the plat is certified as nonobjectionable, we must receive a print bearing your certification so that we may finalize our review (see s. 236.12 (6), Wis. Stats.).

It is important that this matter be expedited to avoid delays in processing the plat and to comply with the time limits set by statute. By the date shown below this office must either object to or certify the plat as nonobjectionable for all the objecting agencies involved, or, the subdivider can demand immediate certification of no objection.

Sincerely,

Jeanne A. Storm

City of Oshkosh, Winnebago County

Dear Mr. Chronis:

The Department of Agriculture, Trade and Consumer Protection certifies this preliminary plat as nonobjectionable. The Department of Transportation, Division of Highways and Transportation Services will review the plat if it is an "abutting plat" as defined by s. Hy 33.03 (3), Wis. Admin. Code. The Department of Industry, Labor and Human Relations will review the plat, if unsewered, in accordance with Chapter ILHR 85, Wis. Admin. Code. On the final plat, the Winnebago County Planning & Zoning Committee will also be an objecting agency.

Local government units, during their review of the plat, will resolve, when applicable, that the plat:

- complies with local master plans, official map or subdivision control ordinances;
- conforms with areawide water quality management plans, if sewerage;
- complies with Wisconsin shoreland management regulations;
- resolves possible problems with storm water runoff;
- fits the design to the topography;
- displays well designed lot and street layout;
- includes service or is serviceable by necessary utilities.

COMMENTS FROM PRELIMINARY PLAT REVIEW:

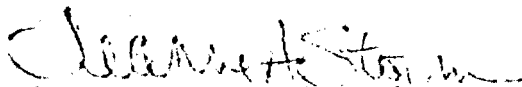

- s. 236.16 (1) The lots have the minimum width and area required by this section. However, when public sewer is not available, lot sizes are also determined by soil tests completed in accordance with Chapter ILHR 85, Wis. Admin. Code (Rules of the Department of Industry, Labor and Human Relations).
- s. 236.16 (2) The streets meet the minimum width required by this section.
- s. 236.21 (2) (a) When the final plat of the subdivision is received in this office, either the Department of Industry, Labor and Human Relations must be listed in the Owner's Certificate as a reviewing agency or we must receive the clerk's certification regarding sewerage facilities.
- s. 236.21 (2) (a) In the Owner's Certificate, the name of this agency must be changed from "Department of Development" to "Department of Agriculture, Trade and Consumer Protection".
