SUBJECT: Navigability determination of an unnamed stream located in the NE1/4, NE1/4, section 11, T17N, R16E, Town of Nekimi, Winnebago County.

Dear Ms. Jagodzinski:

This letter is in response to your request for a navigability determination of an unnamed creek which flows to the east of county I and crosses beneath Ripple to the north.

On June 6, 1996 I was at this site and determined the stream to be navigable as there are defined banks, a bed and sufficient water to float a small recreational craft on, on an annual recurring basis.

I looked at the Wisconsin Wetland Inventory map and it indicates that there are no wetlands in the area. However the map is just a tool. If you have concerns that an area may be a wetland contact Gary Knapp, U.S. Army COE, 414-448-2824 to see if it is considered a wetland by them.

If you have any questions please contact me at the above address or call me at 414-746-2873.

Sincerely,

Tere Locke

Dear Mr. Killian:

This letter follows up our meeting on December 6, 1999 at the proposed Vulcan Materials quarry located in the NW¼ of Section 14, Township 17 North, Range 17 East. At that meeting it was determined that the original navigability determination completed by Rich Wissink in 1996 remains correct.

The two small waterways that flow north through the property do not exhibit a defined bed or bank and are not capable of floating a small watercraft on a reoccurring basis. These two waterways do not meet the state definition of "navigable" waterway. However, the waterway that flows east along West Fisk Avenue does have a defined bed and bank and is capable of floating a small watercraft on a reoccurring basis. This waterway meets the state definition of "navigable" waterway. Attached is a topographic map that sets forth the determinations.

The navigable waterway falls under the jurisdiction of Wis. Stats. Chapter 30 and a shoreland zone around it is regulated by Winnebago County. Any alterations or diversions of the waterway itself or the creation of any ponds within 500 feet will require a permit from the Department. Please contact Winnebago County for information on their permit programs.

Please contact Linda Vogen at (920) 492-5876 for information on the Department's discharge permit program.

If you have any questions or concerns about this determination please contact me at (920) 424-7885. Happy Holidays!
