SUBJECT: Seaplane base located in the SE1/4, SW1/4, Section 17, T17N,
R17E, Town of Black Wolf, Winnebago County.

Dear Mr. Brennand:

Thank you for the photos. I can tell what your plans are and after viewing the site proposed for a parking lot can inform you of the status of the area which may be impacted.

On April 6, 1995 I went to the seaplane base location and have these comments:

1. The ditch which parallels the existing driveway is navigable where it connects to the bay. The area which has standing cattails is the navigable area.
2. There is a buffer strip along the recently ditched portion of this ditch which is wetland. It appears to be wetland along the ditch 20 to 30 feet as one would walk the ditch on the east side going south to the bay.

I am returning your photos as you may want to keep them. Again, please contact Rick Hoeft, with the Zoning office prior to any construction.

If you have any questions please contact me at the above address or call me at 414-424-4003.

Tere Locke
