RE: Navigability Determination Map Updates

Diane/Lisa:

Please update the GIS for the following DNR navigability determinations:

1. SE SW 8 ⁰¹/₂₅, T ¹⁸/₂₅N, R 15E, Town of Omro (Kimball)

Tag the pond as navigable and show DNR interp date. Make sure 1000' or 300' shoreland jurisdiction is shown and annotated on proper parcels.

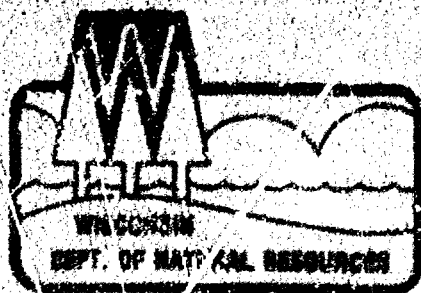

Diane: After updating, determine the affected parcels where navigable and attach a list of parcel numbers affected and within 1000' or 300' so that file 13 can be updated. Tag stream section with DNR Determ & Date

Lisa: Update File 13, file in parcel file(s) and microfiche in Surveyors Records according to Section, Town, Range.

SUBJECT: Navigability and wetland determination of an unnamed ditch and pond located on your property in the SE1/4, SW1/4, section 1, T18N, R18E, Town of Omro, Winnebago County.

Dear Mr. Kimball:

This letter is in response to our meeting and discussion which occurred on your property on July 19, 1996 regarding the wetland and ditch on the parcel.

As I stated the wetland to the south of the parcel is a wetland and requires a permit to fill. You can remove garbage, debris and vegetation as long as it is removed completely from the wetland.

The ditch is considered non navigable as there are not defined banks.

If you have any questions please contact me at the above address or call me at 414-746-2873.

Sincerely,

Tere Locke
