RE: Navigability Determination Map Updates

Diane/Janet:

Please update the GIS for the following DNR navigability determinations:

1. ~~SE~~ ^{SE/SW}, S 09, T 18 N, R 15 E (GROELL)

relocate mapped stream to match field location as shown on aerial, i.e., along west and north property line

TABLE STREAM SECTIONS AS APPROPRIATE. IF ANOTHER DETERMINATION WAS DONE, LIST THAT ONE FIRST AND THE MOST RECENT DETERMINATION AS A RE-DETERMINATION.

Diane: After updating, determine the affected parcels where navigable and attach a list of parcel numbers affected and within 1000' or 300' so that file 13 can be updated. **Tag stream section with DNR Determ & Date. Modify shoreland zoning appropriately.**

Janet: Update File 13, file in parcel file(s) and microfiche in Surveyors Records according to Section, Town, Range.

Subject: Navigability Determination

Dear Mr. Groell,

This letter is in response to your request for a navigability determination. The waterway is located in the SE1/4 of Section 9, Township 18 North, Range 15 East, Winnebago County.

The waterways flow north and west into a tributary of the Fox River. Based upon a previous navigability determination immediately downstream, this waterway has been determined to be not navigable.

Please call me at (920) 424-7885 with any questions or to discuss the project plans once they are complete.

Sincerely,

Cheryl Laalsch
Water Management Specialist
