CITY OF OMAHA ENGINEERING DEPARTMENT R.F. WOLVERTON	DRAWN 4/20/49	SURVEY FOR MELVIN DEAN TO ESTABLISH THE WEST & SOUTH LINES OF THE N.E. 1/4 OF N.W. 1/4 OF S.E. 1/4 SEC. 17-18-15 AND CORNERS OF SAME. SAID LINES & CORNERS BEING ALSO BOUNDARIES OF DEAN'S PROPERTY WHICH LIES W. & S. OF THE ABOVE MENTIONED 10. ACRE PARCEL
	SCALE 1"=300.	
	(SEC. 17 TOWN OF OMRO)	

Note: - Brick Building on lot 20 considered as line between lots 19 & 20. Lots measured from that point East show a surplus of .52' to an iron on SW. Cor lot 14 between Filling Station & Feed Mill. Do not know who set this iron corner. No definite marks at Exchange Street. Measured East to end of plat then came west 17.82 feet. This point seemed to be 7 feet East of an old fence on West Line of East Division St. to South Building on lot 20 measures 36.1 feet
 " " " 21 " 48.58 feet If E Line of W. Division St were projected North it would leave $(67.32 - 29.70 = 37.62)$ feet to lot 21. As the building is 48.58 feet wide, of which 4.0' is on lot 20, the building covers 44.58' of lot 21. $(44.58 - 37.62 = 6.96)$ feet. that the building projects into W. Division St. extended.

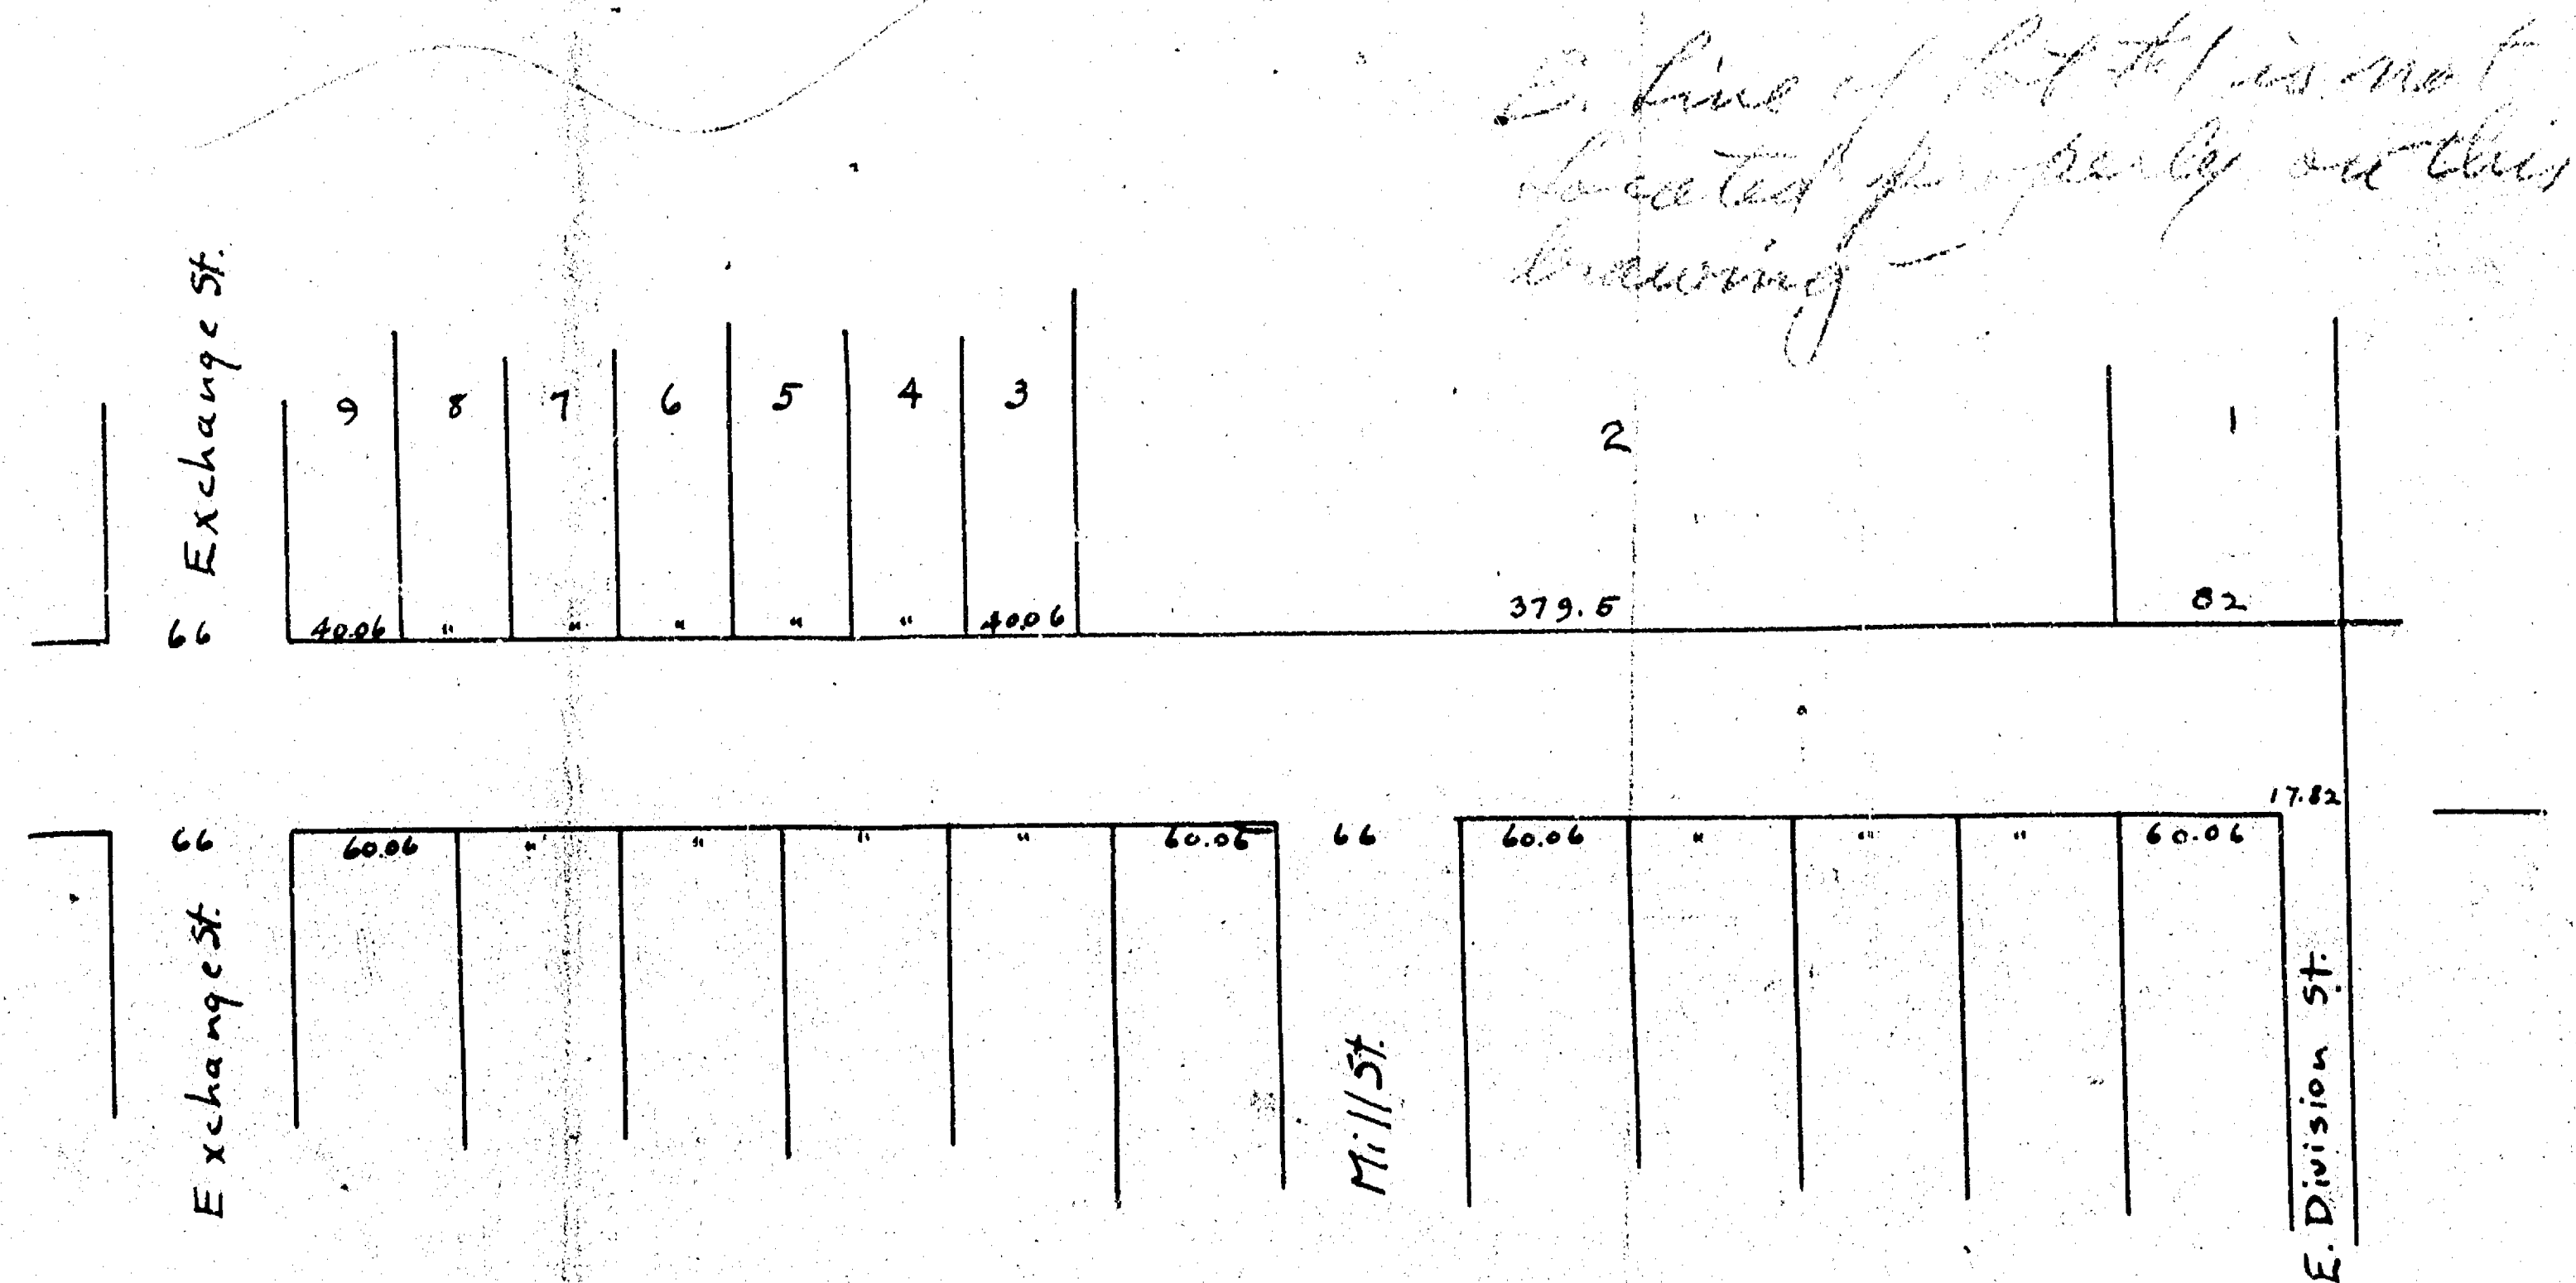

The conc. walks on South Exchange street are not 66 feet apart. Buildings do not fit lot lines.

SURVEY FOR CHRIS. OLSON " OF LOT 19 ORIG PLAT VILLAGE OMRO
