KNOWN AS LOT 92 IN THE SECOND ADDITION TO WILDERWOOD PLAT, IN THE N.W. 1/4 OF THE NE 1/4 AND THE NE 1/4 OF THE N.W. 1/4 OF SECTION 20, T10N, R18E, T01R1 OF ALCONA, WAUKESHA COUNTY, WISCONSIN.

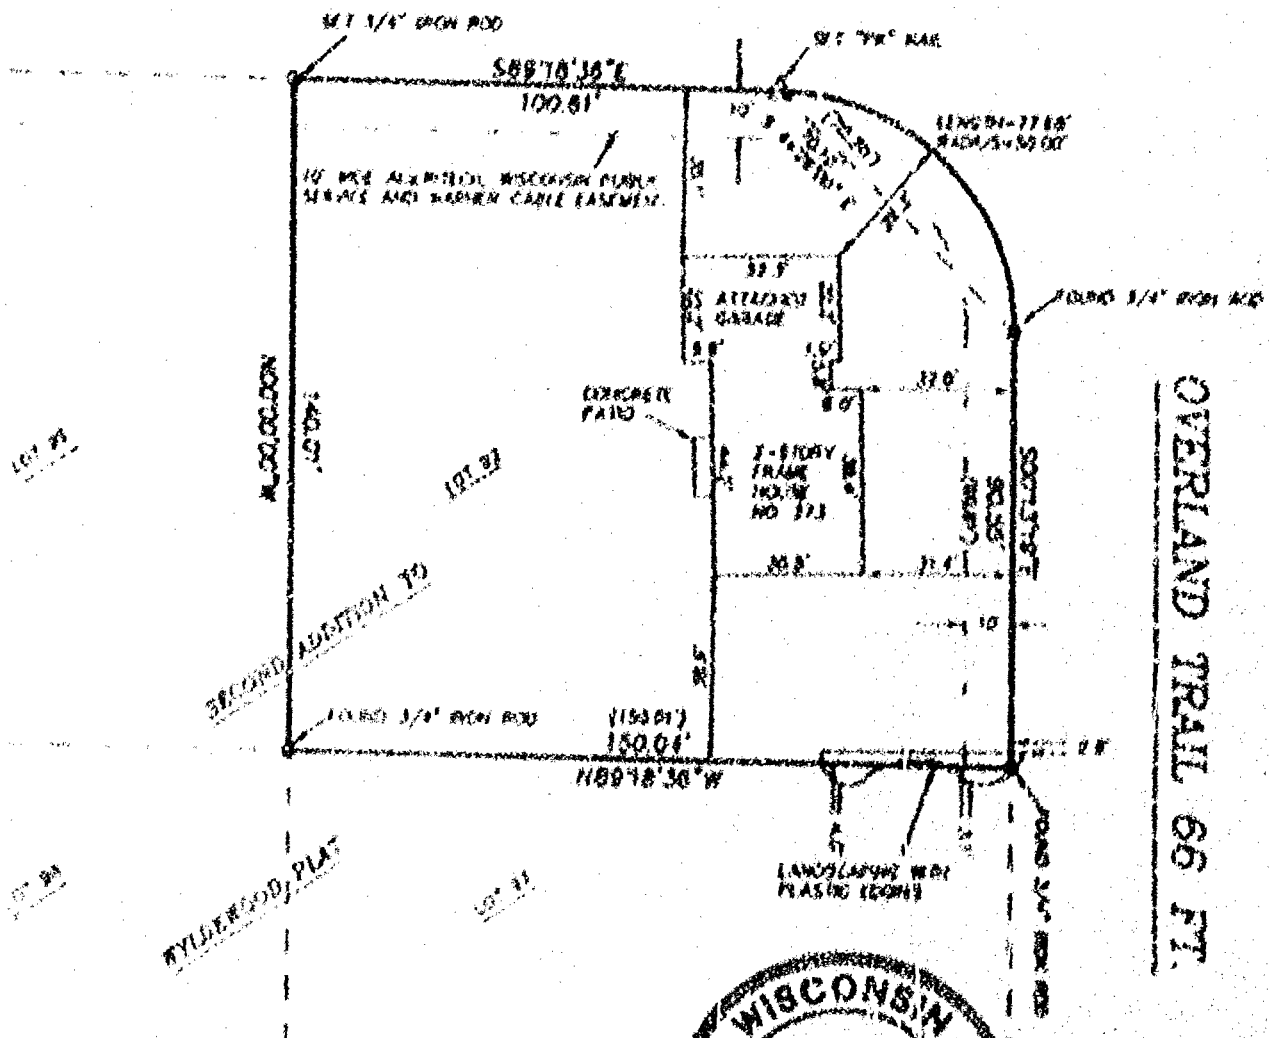

NO. 3828

SURVEY FOR MICHELE BECK

JULY 23, 2001

WOODRIDGE DRIVE 66 FT.

Surveyor's Certificate

I, Reinhard Roehlig, Wisconsin Registered Land Surveyor, certify that I have surveyed the above described property and that the above map is a correct representation thereof and shows the size and location of the property, its exterior boundaries, the locations and dimensions of all existing structures thereon, boundary fences, apparent easements and roadways and other encroachments, if any.

This survey is made for the exclusive use of the present owners of the property and also those who purchase, mortgage or otherwise take thereto, within one (1) year from the date hereof.

RE: Navigability Determination Map Updates

Diane/Janet:

Please update the GIS for the following DNR navigability determinations:

1. NW, S 20, T 18 N, R 16 E (KOLAR / WYLDEWOOD WEST)
PT S 17 ALSO

TABLE STREAM SECTIONS AS APPROPRIATE. IF ANOTHER DETERMINATION WAS DONE, LIST THIS ONE FIRST AND THE MOST RECENT DETERMINATION AS A RE-DETERMINATION.

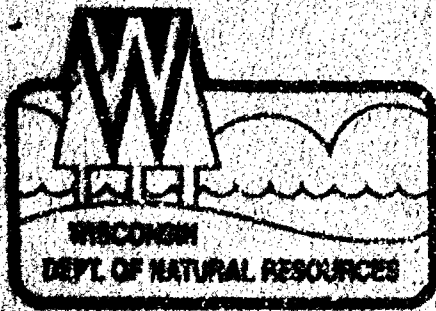

Diane: After updating, determine the affected parcels where navigable and attach a list of parcel numbers affected and within 1000' or 300' so that file 13 can be updated. Tag stream section with DNR Determ & Date. Modify shoreland zoning appropriately.

Janet: Update File 13, file in parcel file(s) and microfiche in Surveyors Records according to Section, Town, Range.

RECEIVED

AUG 09 2001

WINNEBAGO COUNTY
PLANNING DEPT.

Subject: Wyldewood West Subdivision

Dear Mr. Kolar:

This follows up your request for a navigability determination for a waterway located in the NW¼ of Section 20, Township 18 North, Range 16 East, Winnebago County. Attached is a topographic map highlighting the location of the waterway.

A site investigation was completed on August 3, 2001. The waterway has a defined bed and bank and is capable of floating a small watercraft on a reoccurring basis. The waterway meets the definition of "navigable" as set forth in Wis. Stats. Chapter 30.

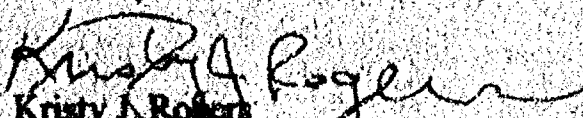

The Department has direct jurisdiction over activities in and near the waterway. In addition, Winnebago County regulates a shoreland zone around the waterway.

The proposed temporary detention basin will require a permit if it is within 500 feet of the waterway. The proposed detention pond outlet ditch will need to be designed to connect with the waterway above the ordinary high water mark. If the connection is below the ordinary high water mark, the ditch would be considered a connected enlargement. The permit review for connected enlargements is quite detailed and lengthy.

In addition, please be aware that grading on the bank of the waterway in an area greater than 10,000 square feet would also require a permit.

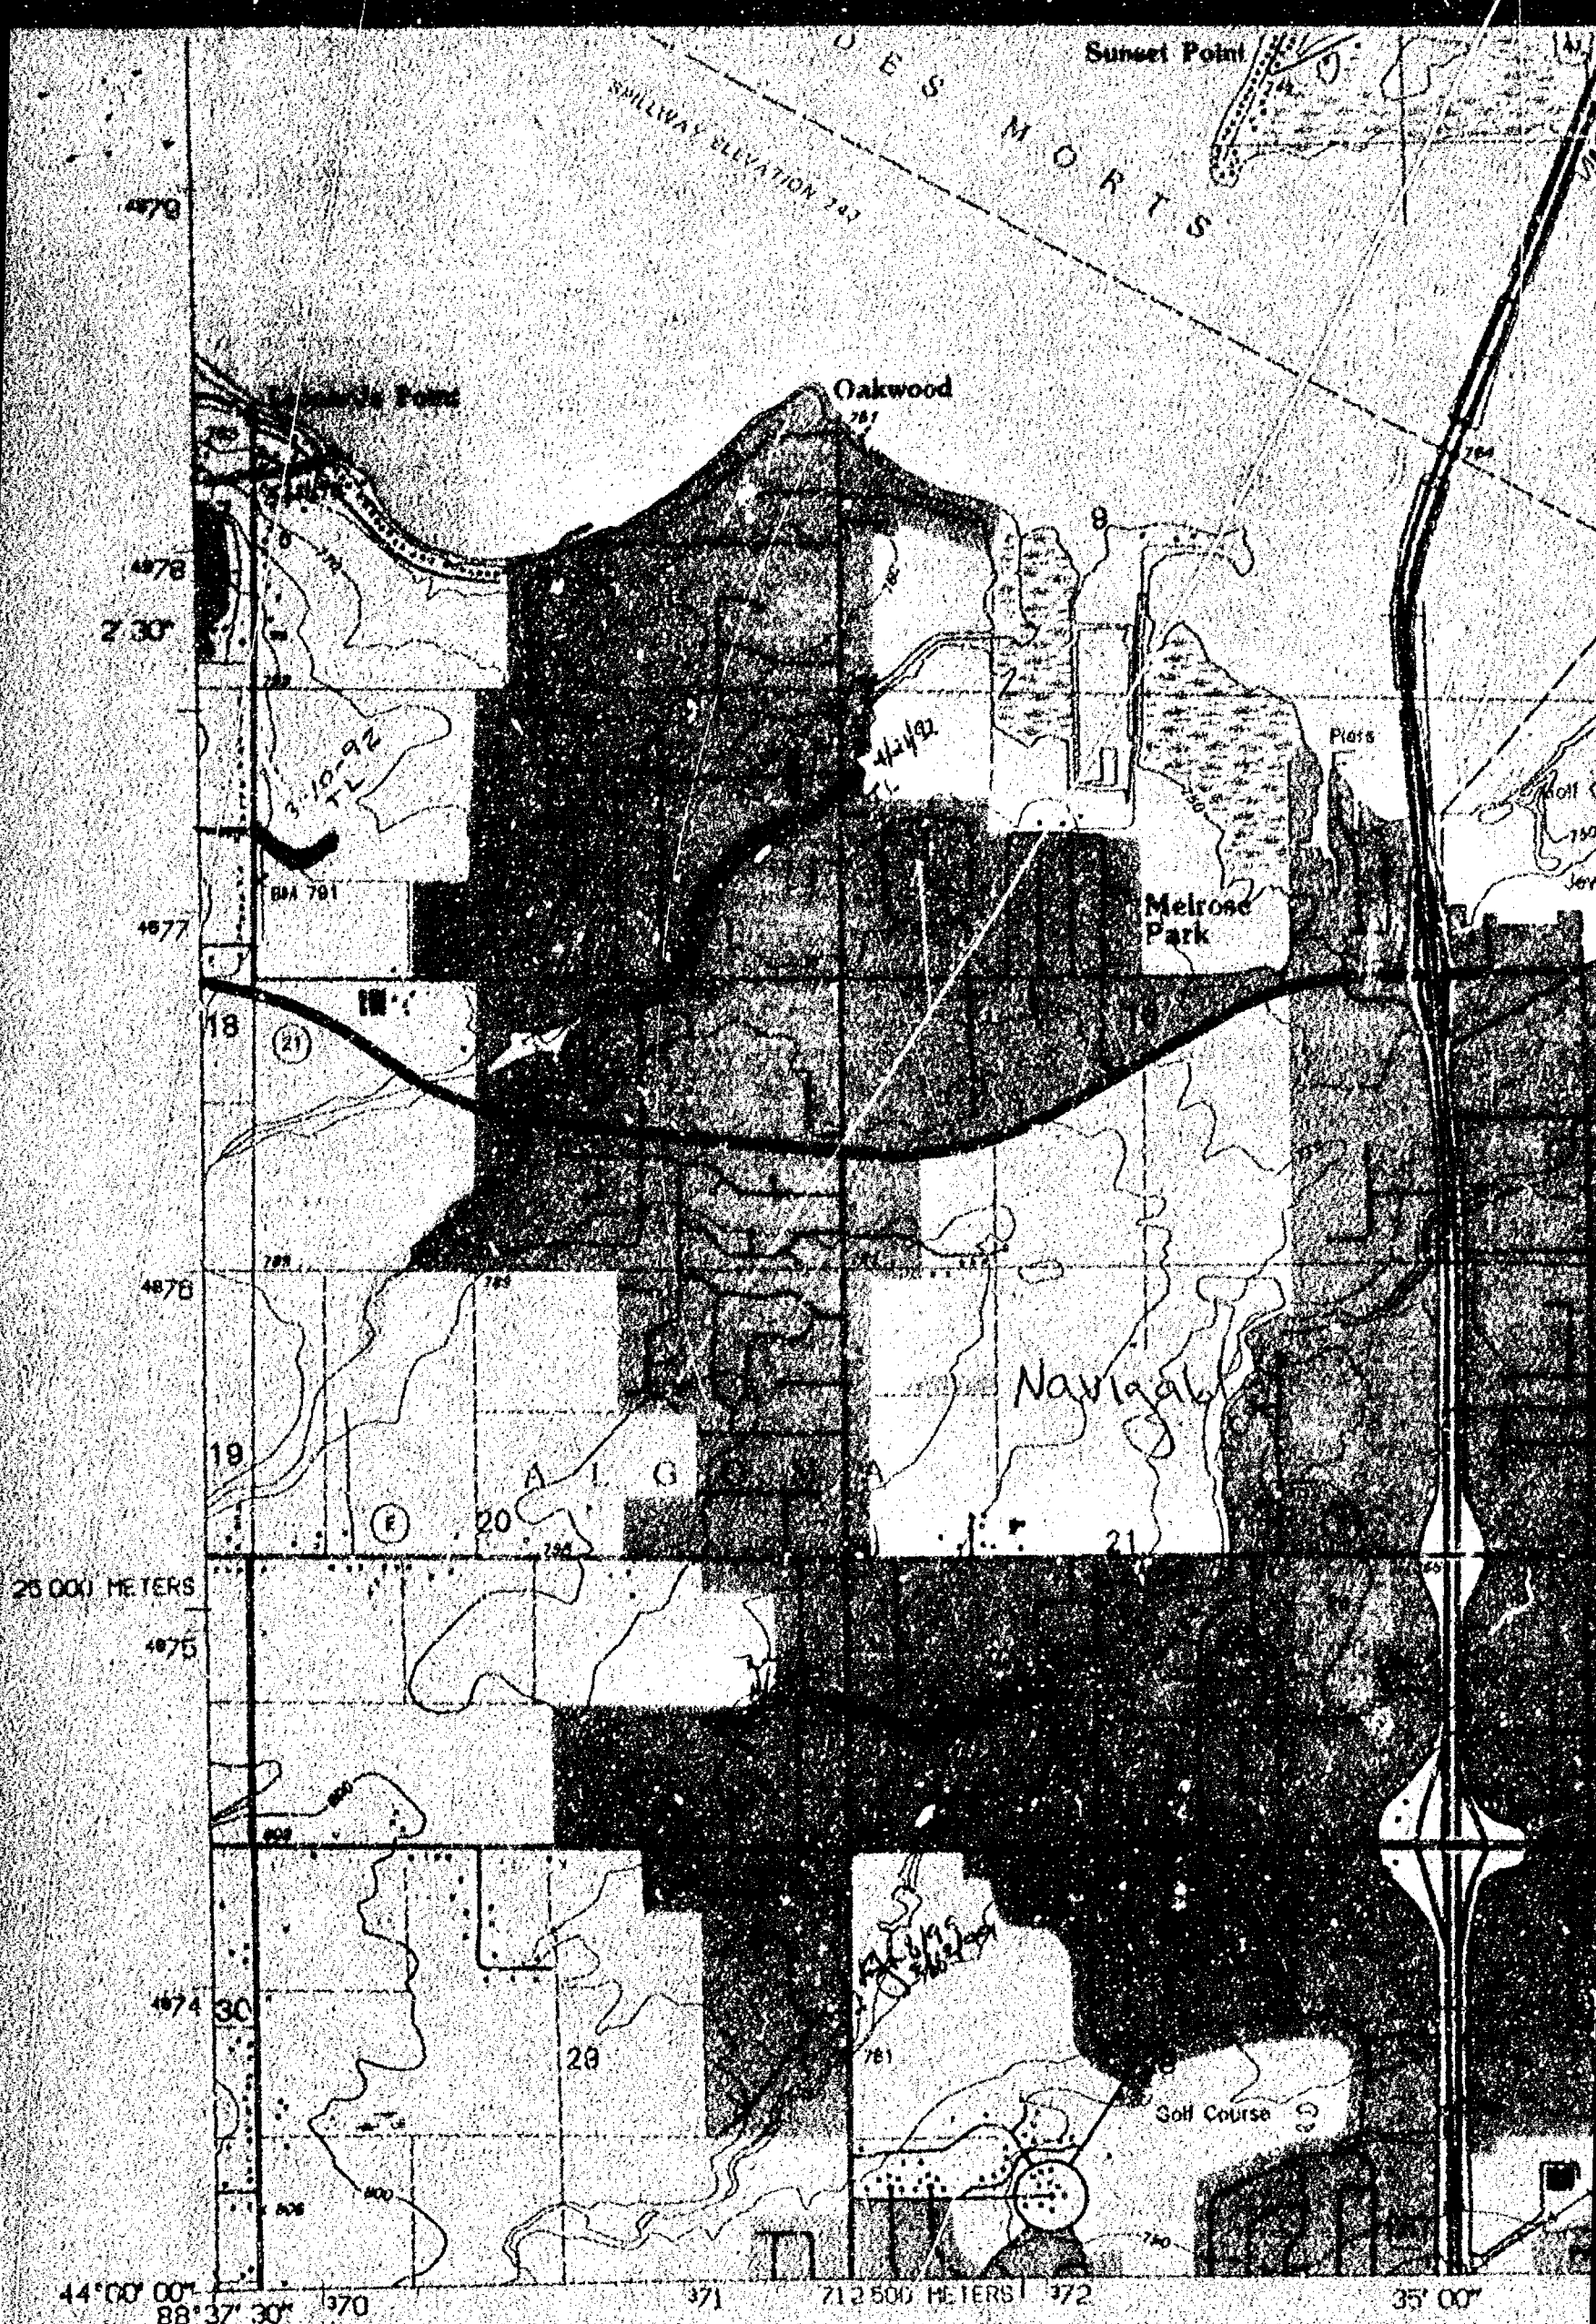

Please call me at (920) 424-7885 with any questions.

Sincerely,

Kristy J. Rogers
Water Management Specialist

SUBJECT: Navigability determination of an unnamed ditch
located in the SE1/4, SE1/4, section 18, T18N,
R16E, Winnebago County. 30

Dear Mr. Rank:

This letter is in response to your request for a navigability
determination on an unnamed ditch located to the north of Fox
Fire Drive.

On April 8, 1996 I was at this site and determined the ditch to
be non-navigable as there are no defined banks or a bed and there
is insufficient water to float a small recreational craft on, on
an annual recurring basis.

If you have any questions please contact me at the above address
or call me at 414-424-4003.

Sincerely,

Tere Locke

February 2, 1998

Dick Fernau
7617 Prellwitz
Ripon, WI 54971-9601

SUBJECT: Navigability Determination

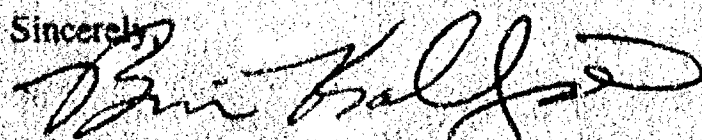

Dear Mr. Fernau:

I am writing in regard to your request for a navigability determination of an unnamed tributary to Henderson Creek and a section of what is considered to be Henderson Creek on the USGS Quadrangle map. These two waterways are located in the SW ¼ of the SE ¼ of Section 35, T17N, R14E, Winnebago County, Wisconsin. See attached map for better detail.

Last week, you and I met on site to look at these waterways and discuss some drainage issues that you had with your property. The areas shaded in blue on the attached map are considered navigable. As we discussed on site, you indicated that you would like to dredge out sections of what is labeled as Henderson Creek on your property to improve flow and help drain your property. In most cases the dredging may be allowed provided that you obtain the necessary local, state, and federal permits. However, you indicated that you would like to deposit the dredging spoils in the adjacent wetland. The wetland in this area is part of a larger wetland complex that provides many benefits. Some of these benefits include: filtering surface and sub-surface water to Rush Lake (minimizing siltation and pollution to the lake), providing feeding and resting habitat to migrating waterfowl, providing an area for diversity of flora (Three square bulrush, Lake sedge, Cattails were all present during my site visit, and providing permanent habitat for deer, pheasants and otter (evidence of all were present during my site visit). Because of the many function values that this wetland area provides, it is highly unlikely that a permit could be issued to fill any portion of that wetland.

For your information, I have enclosed a few informational packets on Wisconsin wetlands and waterways. If you have any further questions, please contact our Water Regulation program in Oshkosh at (920) 424-7885.

SUBJECT: Navigability Determination

Dear Mr. Krause:

I am writing in regard to your request for a navigability determination of an unnamed waterway located in the NE1/4 of the SW1/4 and NW1/4 of the SE1/4 of Section 20, Township 18 North, Range 16 East, Winnebago County Wisconsin. See attached maps for better detail.

On February 2, 1999, I inspected the above-mentioned waterway located on the Dougherty property, beginning from Witzel Road southwest to the property border. This waterway is considered Non-navigable because of the lack of a defined bed and banks.

If you have any further questions, please feel free to contact me at the above address or call (920) 424-7885.
