

• PLEASE SEE OTHER SIDE OF THIS FORM FOR APPLICABLE FEE •

State law requires that we charge a fee for processing your request to make changes to surface waters and wetlands. Each application or request requires the correct fee in order for review to begin. If your project includes several regulated activities you need only include payment only for the most costly activity. If you have questions regarding the appropriate fee, please contact your local Water Management Specialist.

Applications are reviewed on a first in - first out basis (information on current average decision times is available on request). We do our utmost to deliver a decision promptly. Expedited decision making is available for a supplemental fee of \$2000. It guarantees a decision within 90 days for most activities, 150 days for activities requiring a public notice or environmental assessment (EA), or 210 days for activities requiring both public notice and EA. Please submit a letter with your application describing the timeframe that will meet your needs along with a check for \$2000. (The supplemental fee funds permit reviewers specifically designated for expedited decisionmaking.) Within twenty days we will respond in writing, specifying any additional information needed for an expedited decision on your proposal and the time within which we can make a decision once the application is completed.

Refunds of standard fees are made only if the refund is requested before we determine that the application is complete. Supplemental fees will be refunded if a decision is not made within the standard decision time.

Applications for permits or approvals submitted after work has been commenced or completed require twice the usual fee. Projects started or completed without obtaining the appropriate permits are subject to potential enforcement actions (e.g., monetary forfeitures, required abatement).

Personally identifiable information on this form is not intended to be used for any other purpose.
