Subject: Navigability determination

Dear Mr. Glese:

Thank you for contacting the Department regarding a waterway on your property located in the Southwest 1/4, Southwest 1/4, Section 4, Township 19 North, Range 16 East, Winnebago County.

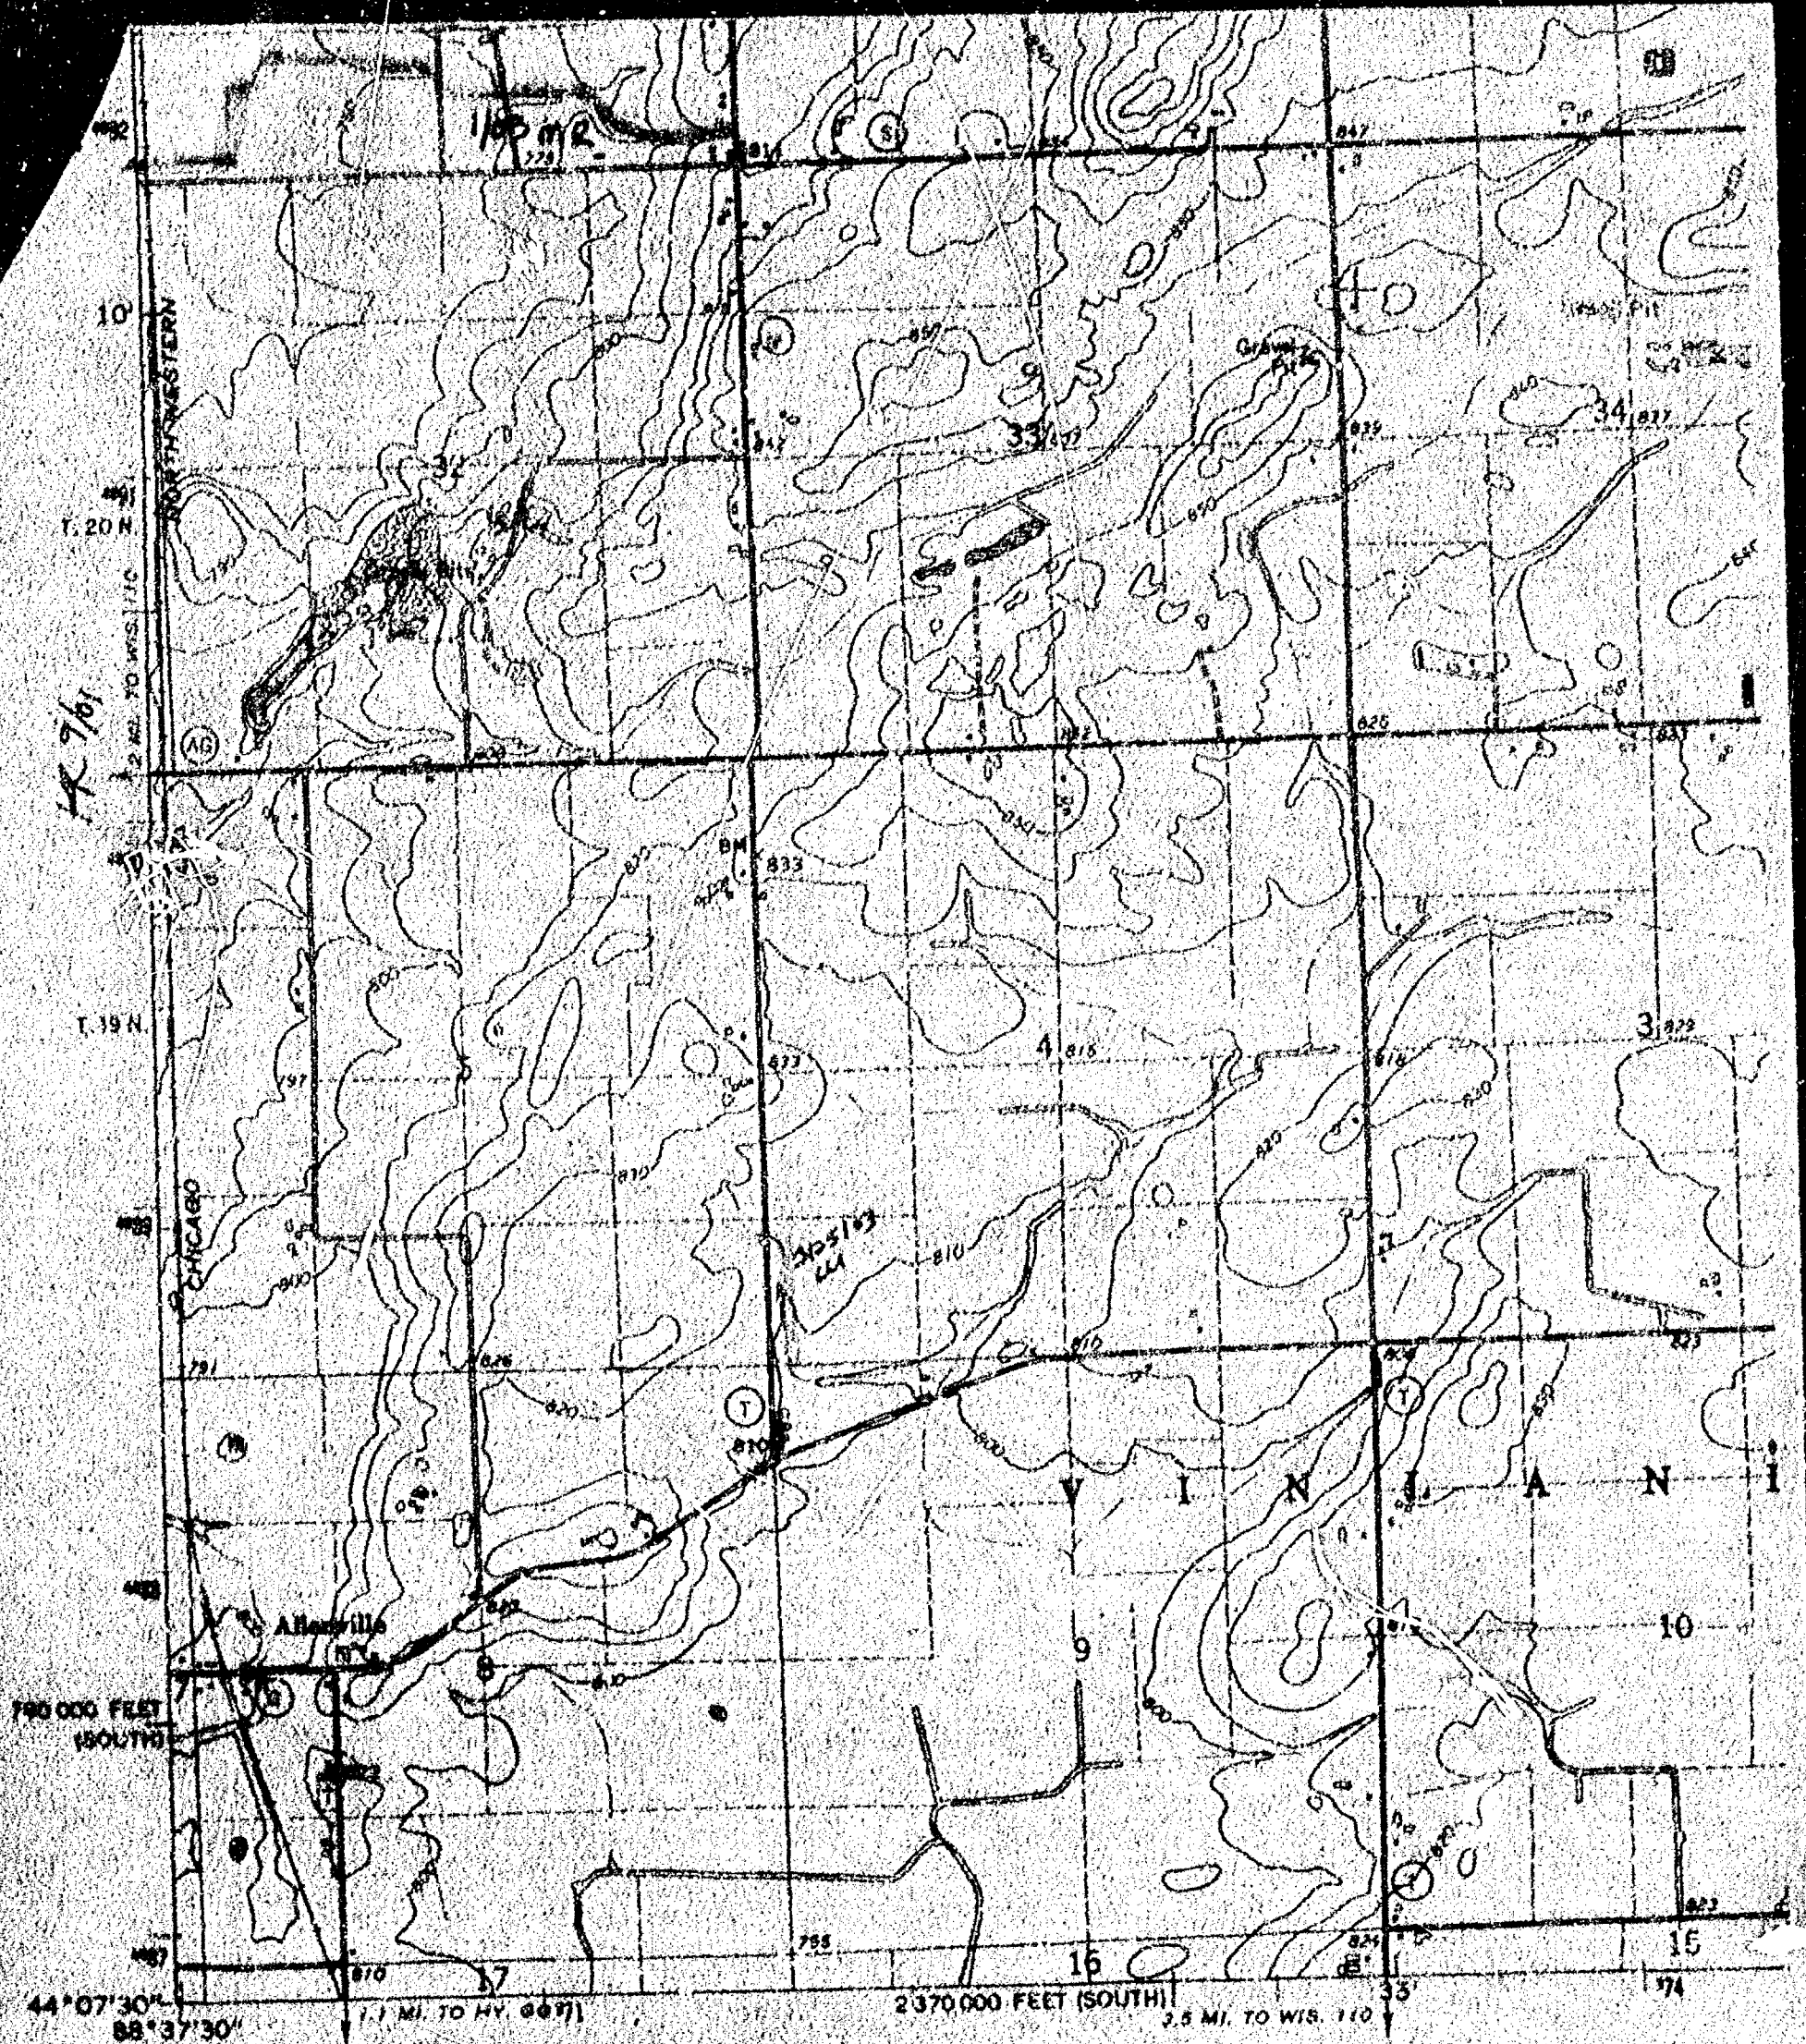

A field investigation was completed on March 25, 2003. The waterway does not have a defined bed and bank and is not capable of floating a small watercraft on a recurring basis. Therefore, the waterway does not meet the definition of "navigable waterway". Enclosed is copy of the USGS topographic map highlighting the waterway in question.

If you have any questions, please call me at (920) 303-5440.

Sincerely,

Cindy Lancaster
Assistant Water Management Specialist
