Subject: Navigability Determinations in the Town of Vinland.

Dear Mr. Stannard:

The Department of Natural Resources has completed the navigability determinations as requested. The following waterways have defined bed and banks and the ability to float a small watercraft, therefore meeting the state definition of a "navigable waterway".

- Area #4, NW ¼ of the NW ¼ of Section 9.
- Area #7, SE ¼ of Section 24 has 2 waterways connected to the pond, which is also considered navigable.

The following waterways do not have defined bed and banks and therefore are considered "not navigable".

- Area #1, N ½ of Section 3.
- Area #6, SE ¼ of Section 8, and the NE ¼ of Section 17.
- Area #7, SW ¼ of Section 24, 2 waterways running South.

I have enclosed a map that will help you determine which waterways are navigable. If you have any additional questions, please call me at 920-303-5440.

Sincerely,

Carrie Lutz
