Subject: Navigability Determinations

Dear Ms. Luebke:

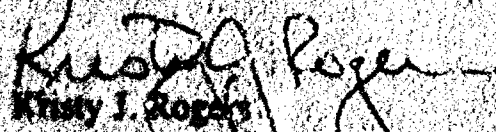

This letter follows up your request for a navigability determination for a waterway located in Sections 15
~~and 16, Township 36 North, Range 10 East, Winnebago County.~~

This segment of the waterway does not have a defined bed and bank and is not capable of floating a small
watercraft. This section of the waterway does not meet the state definition of "navigable waterway".

In addition, a file review was completed to determine the navigability of a waterway located in Sections 15
~~and 16, Township 36 North, Range 10 East.~~ This waterway was determined not to be navigable by
British knowledge of our staff in December of 1998.

Enclosed is a copy of the aerial photographs highlighting both waterways in question. If you have any
questions about this determination, please contact me directly.

Sincerely,

Kristy J. Rogers
