Subject: Navigability Determination

Dear Ms. Luedtke:

This letter follows up your request for a navigability determination for your property located in the NW/4 of Section 22, Township 19 North, Range 16 East, Winnebago County.

A field investigation was completed on October 21, 1999. A small grassed drainageway enters your property from the north crossing under CTH GG. The area of the drainageway on your property does not have a defined bed and bank and is not capable of floating a small watercraft.

Based upon the site inspection, the waterway on your property does not meet the state definition of "navigable waterway". Enclosed is a copy of the USGS topographic map highlighting the waterway in question. If you have any questions about this determination, please contact me directly.

Sincerely,
