RE: Navigability Determination Map Updates

Diane/Janet:

Please update the GIS for the following DNR navigability determinations:

1. SE SE, SE SW, S 29, T 20 N, R 16 E

TABLE STREAM SECTIONS AS APPROPRIATE. IF ANOTHER DETERMINATION WAS DONE, LIST THAT ONE FIRST AND THE MOST RECENT DETERMINATION AS A RE-DETERMINATION.

Diane: After updating, determine the affected parcels where navigable and attach a list of parcel numbers affected and within 1000' or 300' so that file 13 can be updated. **Tag stream section with DNR Determ & Date. Modify shoreland zoning appropriately.**

Janet: Update File 13, file in parcel file(s) and microfiche in Surveyors Records according to Section, Town, Range.

Dear Ms. Larson:

This is a follow up on your request for a navigability determination for the waterway that is located at 4127 Oak ridge Road. The property in the SE 1/4, SE 1/4, SE 1/4, SW 1/4, Section 29, T20N, R16E, Town of Clayton.

At the time of the inspection it was determined that the watercourse is navigable. The criteria used to determine this was there is a well bed and bank and there was evidence of sufficient water to float the smallest watercraft on a recurring basis. The enclosed map shows the point of navigability.

If you have any questions regarding this matter feel free to contact me at (920) 448-5142.

Sincerely,

Michael Russo
Water Management Specialist
